Ingredients

Ingredients as defined by AAFCO.

Feeding Directions

Feed continuously for 45 days. Each bird should consume an amount of medicated feed equal to one-fifth of its body weight daily. During treatment, parrots, macaws and cockatoos should be kept individually or in pairs in clean cages.

Warning

Psittacosis, avian chlamydiosis, or ornithosis is a reportable communicable disease, transmissible between wild and domestic birds, other animals and man. Contact appropriate public health and regulatory officials.

Caution

Aspergilliosis may occur following prolonged treatment.
