

Diverse Women in Clinical Trials Initiative Organizational Opportunities Form

We have made progress in women's participation in clinical trials. To continue this momentum, the U.S. Food and Drug Administration Office of Women's Health (FDA OWH) is partnering with the National Institutes of Health Office of Research on Women's Health (NIH ORWH) to promote clinical trial participation by diverse women of all ages and ethnicities, as well as those with various chronic health conditions and disabilities.

How you can help...

Link to the website: www.fda.gov/womeninclinicaltrials

Send out an article or announcement via your newsletter, magazine or social media channels (Pre-drafted messages are available.)

Incorporate our free Campaign materials into your existing activities and events

Host a webinar or outreach event

Use the NIH Outreach Toolkit to encourage recruitment of women in clinical research

What you do to support the Campaign depends upon the needs and resources of your organization.
