INGREDIENTS

Each ingredient must be named in accordance with the names and definitions adopted by the Association of American Feed Control Officials.

FEEDING DIRECTIONS

For use in swine feeds only. Feed a complete swine feed containing 100 g of tylosin phosphate and 100 g of sulfamethazine per ton.

CAUTION

Do not use in any finished feed (supplement, concentrate or complete feed) containing in excess of 2% bentonite.

WARNING

Withdraw 15 days before swine are slaughtered.
