- Calcium (Max) .................................................................................. \( \_\_\_\_\% \)
- Phosphorus (Min) ............................................................................... \( \_\_\_\_\% \)
- Salt, if added (Min) ............................................................................ \( \_\_\_\_\% \)
- Salt, if added (Max) ............................................................................ \( \_\_\_\_\% \)
- Sodium (Min)* ................................................................................... \( \_\_\_\_\% \)
- Sodium (Max)* ................................................................................... \( \_\_\_\_\% \)
- Selenium (Min) .................................................................................. \( \_\_\_\_\text{ppm} \)
- Zinc (Min) ....................................................................................... \( \_\_\_\_\text{ppm} \)

*Minimum and maximum percentage of total sodium shall be guaranteed only when total sodium exceeds that furnished by the maximum salt guarantee.

**INGREDIENTS**

Ingredients as defined by AAFCO.

**FEEDING DIRECTIONS**

Feed approximately 400 g chlortetracycline per ton, varying with body weight and feed consumption to provide 10 mg/lb. per day. Feed continuously for not more than 14 days.

**WITHDRAWAL PERIODS: ZERO-DAY WITHDRAWAL.**
