Good morning --

It is always best to use the most recent form. However you do not need to update the form if the form has been signed on an expired version. Please see FDA's guidance document below.

<https://www.fda.gov/downloads/RegulatoryInformation/Guidances/UCM214282.pdf> Please see question 7.

Kind regards,

Doreen M. Kezer, MSN

To whom it may concern,

If a 1572 form was completed and signed on an expired version of the form, what's the standard procedure for moving forward?

Regards,
