Good afternoon –

I can only speak to my office. We reference the older 1996 ICH- 6 because the 2015 version is still in draft.

Kind regards,

Doreen M. Kezer, MSN  
Senior Health Policy Analyst  
Office of Good Clinical Practice  
Office of the Commissioner, FDA

Hello,

**I was wondering if you could confirm which is the latest version of the ICF GCP guidance from the FDA should be used? We currently have the 1996 version and a draft version from 2015 that is a revision 2 that was obtained from the FDA website. Thanks.**

Kind Regards,
