Dear Mr. White:

We are reviewing your December 5, 2014 biologics license application (BLA) for Coagulation Factor IX (Recombinant), Albumin Fusion Protein. We are providing the following comment and request for information to continue our review:

Reference your amendment submitted in eCTD sequence 0040 received by CBER on September 18, 2015:

1. The (b) (4) data presented in figure 12 and Figure 13 show only the distribution of (b) (4) of the polysorbate 80. It appears as though (b) (4) (b) (4) are present in this (b) (4). Please provide the (b) (4).

The review of this submission is on-going and issues may be added, expanded upon, or modified as we continue to review this submission.

Please submit your response to this information request as an amendment to this file by February 12, 2016 referencing the date of this request. If you anticipate you will not be able to respond by this date, please contact the Agency immediately so a new response date can be identified.

If we determine that your response to this information request constitutes a major amendment, we will notify you in writing.

The action due date for this file is March 5, 2016.

Please send an acknowledgement for receipt of this request.

If you have any questions, please contact me at (240) 402-8443.

Sincerely,  
Edward Thompson
