

FACT SHEET: State/Territory Produce Implementation (PAR-16-137)

Cooperative Agreement Background

- As part of the implementation of the FDA Food Safety Modernization Act, FDA established science-based minimum standards for the safe growing, harvesting, packing, and holding of fruits and vegetables grown for human consumption as outlined in FDA's Regulation, "Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption" (commonly referred to as the Produce Safety Rule)
- The new legislation required a new level of cooperation between Federal, State, and Territorial regulatory and food safety produce entities...and the Cooperative Agreement was born
- Awardees include state/territory government food agencies with actual or potential regulatory oversight and responsibility over their respective jurisdiction's commodities regulated in FDA's Produce Safety Rule
- Awardees applied for either Competition A only or Competition A/B
 - Competition A includes Infrastructure, Education, Technical Assistance, and Inventory Program
 - Competition A/B includes Competition A components AND an Inspection, Compliance and Enforcement Program

Program Goals

The goals of this cooperative agreement are to provide awardees with the resources to:

- Assess their produce landscape
- Establish a process to develop and maintain a produce farm inventory
- Provide resources for, and invest in, their program's infrastructure
- Coordinate with other local, state, territory, and federal agencies for produce safety activities
- Formulate a multi-year plan to implement a produce safety system
- Develop a performance measurement system, plan and/or process system to measure the progress towards the goals of this cooperative agreement
- Evaluate produce legislative or regulatory authority
- Develop and/or provide education, outreach, and technical assistance, prioritizing farming operations covered by the rule
- Develop and/or provide education, outreach, and technical assistance to the jurisdictional produce safety regulators
- Design and implement a compliance program for applicable produce safety regulations at the jurisdictional level

Current Awardees

- Current awardees for this cooperative agreement include state/territory government food agencies with actual or potential regulatory oversight and responsibility over their respective jurisdiction's commodities regulated in FDA's Produce Safety Rule
- States applied for either Competition A only or Competition A/B
- Competition A includes Infrastructure, Education, Technical Assistance, and Inventory Program
- Competition A/B includes Competition A components AND an Inspection, Compliance and Enforcement Program
