Subject: RE: UNII codes

Jack and Carmel,

I am sending you the UNII codes that CBER has generated for Prevnar 13 (see below).

Also, this link (<http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>) is to a FDA website that contains the guidance document and implementation guide for Structured Product Labeling Resources (SPL). The UNII codes are needed to list the product after approval. If you have any questions on UNII codes you can email CBER's UNII code team at (SPL@fda.hhs.gov).

Also, Lydia Falk at Wyeth/Pfizer used to work on SPL and UNII codes before she left CBER and she would be a good point of contact on this topic too.

Prevnar 13 UNII codes are listed below:
