EDUCATION:

2008: Psy.D. The Wright Institute, Berkeley, California
APA accredited program in Clinical Psychology.

2005: M.A. Clinical Psychology, The Wright Institute, Berkeley, California.

1985: M.A. Clinical Psychology, John F. Kennedy University Orinda, California.

1982: B.A. Psychology, New College of the University of South Florida, Sarasota, Florida.

CLINICAL EXPERIENCE:

1987 - Present: Psychologist, Private Practice. Offices in Sonoma and Oakland, CA: Individual adult and child, couple, family and group psychotherapy. Practice is currently focused on clients with life threatening illnesses, and other traumatic incidents. Many clients have histories of trauma, both individually and within their relationships and families. Other clients are dealing with substance abuse, depression, loss, eating disorders, and life transitions.

2015-present: Cancer Support Sonoma. Provide individual and group therapy to individuals with cancer in this low fee, multidisciplinary, and complementary clinic.

1989 - Present: Bay Area Red Cross, Disaster Mental Health Team. Respond to local and national emergencies such as fires, floods and earthquakes and provide counseling to victims affected by the disaster.

1996 - Present: Therapist and Group Facilitator, Women's Cancer Resource Center, Oakland, CA. Provide pro-bono psychotherapy for low-income clients with cancer, and their families. Create and facilitate groups for mothers with cancer, and young women with cancer. The population served is primarily a diverse group of lower income women.

2009 - Present: Clinical Consultant, A Home Within, Oakland, CA. My work involves recruiting and supporting clinicians, supervisors and consultants in pro bono psychotherapy for current and former foster youth, as well as supervising students involved in the collaboration between the Wright Institute and A Home Within. I also coordinate continuing education and fundraising events for the East Bay Chapter. I am also a member of the Board of Directors.

2007 - 2008: Child Trauma Research Project, UCSF/ San Francisco General Hospital. Predoctoral Internship. Child Parent Psychotherapy and assessment with children 0-6 and their caregivers. Focusing on ethnically and economically diverse families dealing with trauma.

2004 - 2006: Children's Hospital and Research Center, Oakland, Early Childhood Mental Health Program. Work with children 0-3 and their parent(s) and/or foster parent(s). The work involved group work, as well as individual sessions and home visiting. Collateral work with social service agencies, preschools and medical personnel was also involved. I was also on the assessment team for one year. This involved a 5-6 week assessment of infants and parents, and foster parents as well to assess all aspects of the child's development and functioning, and also to assess the relationship with the child and primary caregivers.

2003 - 2010: Alta Bates Comprehensive Cancer Center. Group facilitation for young women diagnosed with cancer, especially breast cancer. Issues include: adjusting to diagnosis, medical advocacy, treatment decisions, and coping with parenting and relationship issues.

1991 - 1994: Director, Westudillo Counseling Service, San Leandro California. Provided consultation and supervision to licensed staff, as well as interns. Led staff meetings, performed on-site school counseling with children K-8. Also did community outreach and networking, while carrying a full caseload. The children and families served were from ethnically and economically diverse backgrounds.

1989 - 1991: Assistant Director, Westudillo Counseling. Duties included: outreach, intake and assessment, community lectures, production of quarterly newsletter, as well as ongoing psychotherapy with a multi-ethnic client base.

1987 - 1993: Psychotherapist, Westudillo Counseling Service. Provided individual adult and child, couple, family and group psychotherapy, as well as pre-marital counseling. Groups included those for adult children of alcoholics. Clients presented with a range of issues including childhood trauma, abuse, illness and chronic pain, chemical dependency, depression and personality disorders. The population was racially and economically diverse.

1985 - 1987: Intern in Private Practice with Bruce Cribley, MS, MFT. Worked with adults, couples, families and groups providing psychotherapy. Treated adults dealing with

trauma, loss, depression, and anxiety. Led groups for adult children of alcoholics and adult survivors of childhood sexual abuse.

1985 - 1987: Mental Health Counselor, East Bay Hospital, Richmond, California. Provided counseling and facilitated groups in inpatient psychiatric facility with acute and chronic patients, both adults and adolescents. Patients were ethnically and economically diverse, and presented with a range of issues including schizophrenia, bipolar disorder, major depression, eating disorders, personality disorders.

1984 - 1986: Intern, Clement Street Counseling Center, San Francisco, California. Provided psychotherapy to adults and adolescents in individual, couple, family and group psychotherapy. Treated individuals dealing with depression, anxiety, and childhood abuse.

1983 - 1984: Intern, General Clinical Program, John F. Kennedy University Community Counseling Center, Concord, California. Training internship in psychotherapy with individual adults, adolescents, couples and families.

1983 - 1985: Counselor, Cammeld House of Catholic Social Services, San Francisco, California. Provided counseling and coverage in long-term group home for adolescent girls twelve to nineteen years old. The girls had been removed from parental custody due to abuse and neglect, and manifested a range of issues from suicide attempts, eating disorders, substance abuse, major depression, and conduct disorders. Many stayed until emancipation. Clients were ethnically diverse, and primarily from lower income families.

1980 - 1982: Crisis Counselor, Bradenton, Manatee County, Florida. Provided immediate, on-site and hospital crisis counseling to rape victims. Also provided telephone crisis counseling.

CANCER AND ONCOLOGY RESEARCH, CONSULTATION, EDUCATION AND ADVOCACY:

2015 - 2018: Consumer Reviewer, New York Department of Health Peter T. Rowley Breast Cancer Projects,

2009 - Present: Patient Representative, National Mammography Quality Assurance Advisory Committee, United States Food and Drug Administration.

2002 - Present: Patient Consultant, United States Food and Drug Administration, Patient Consultant. Consultant in all phases of cancer drug development, testing and application for approval, including voting representation on ODAC committees.

1999 - Present: Consumer Representative, United States Department of Defense, Breast Cancer Research Program. Consumer advocate on scientific review panels. This involves reviewing and evaluating research proposals.

1999 - 2006: Member of Board of Directors, Breast Cancer Action. Involved in public policy, specifically mammography policy, worked on outreach, arranging and participating in public talks on breast cancer education and advocacy. Served on the planning committee for the annual *Town Meeting*, and worked on other development activities.

1999: California Observer Advocate, California Breast Cancer Research Program.

1998: National Breast Cancer Coalition. Completed *Project LEAD*, a science-based training for breast cancer advocates, which covers basic science, epidemiology, and research design. Also participated in advocacy training, and congressional lobbying.

1998: Northern California Cancer Center. Member of Advisory Committee for the *1998 Conference on Relationships and Sexuality*. Facilitated a discussion group on parenting through cancer at the conference.

1997 - 2008: Mother's Living Stories Project. Member of advisory committee. Researched and compiled the resource guide, *Parenting Through Cancer*, published 1997, and revised in 1999.

1997 - Present: Breast Cancer Patient Navigator. Pro-bono support for individuals moving through cancer treatment processes.

1997: UCSF / Mt. Zion. Member of the Planning Task Force for the development of *Patient Navigator Program*.

LECTURES

2017: Talking with children about cancer. Young Survivor Coalition national conference.

2000: Lecture and Interview on parenting with cancer, Parent Talk radio.

1998: Lecture and Discussion on parenting with cancer, Conference on Cancer, Sexuality and Relationships, San Francisco, CA

1999: Adult Children of Alcoholics in Relationships- Lafayette-Orinda Presbyterian Singles Club

RESEARCH EXPERIENCE

2008: Doctoral Dissertation, The Wright Institute, Berkeley, CA

The Experience of Mothering with Cancer.

This phenomenological study seeks to understand how the diagnosis of breast cancer changes one's parenting and one's perception of themselves as a parent.

1991 - 1993: Research Associate: Mental Research Institute, Menlo Park, California.

Assistant to Dr. Stephanie Brown on the *Family Recovery Project*. Participated in all aspects of this project involving analysis of families in recovery. This involved: assessment and interviewing families for appropriateness for the project. Families were interviewed on camera, and then the sessions were viewed and assessed with the research team.

OTHER EDUCATION, CREDENTIALS, AND EXPERIENCE:
