For purposes of uniformity and clarity for all of the Indexes, with the exception of M-b’s, the terms, “**ACTIVE**” and “**INACTIVE**,” to classify the status of each Coded Memorandum is being used. The term, “**ACTIVE**”, is defined as meaning that the Coded Memorandum continues to be applicable to the National Conference on Interstate Milk Shipments (NCIMS) Grade “A” Milk Safety Program, and/or the subject matter is currently not covered in any program document. The term, “**INACTIVE**” is defined as meaning that the

Coded Memorandum is no longer applicable to the NCIMS Grade "A" Milk Safety Program and/or the subject matter has been included in a program document.

An updated and current electronic version of the various Indexes of Coded Memoranda can be accessed on the FDA Web Site at <http://www.fda.gov>.

An electronic version of this memorandum is available for distribution to Milk Specialists, Milk Regulatory/Rating Agencies, Laboratory Evaluation Officers and Milk Sanitation Rating Officers in your region. The electronic version should be widely distributed to representatives of the dairy industry and other interested parties and will also be available on the FDA Web site at <http://www.fda.gov> at a later date.

If you would like an electronic version of this document prior to it being available on the FDA Web Site, please e-mail your request to [Monica.Metz@fda.hhs.gov](mailto:Monica.Metz@fda.hhs.gov).
