MDUFA Fee Information

“MDUFA” stands for Medical Device User Fee Amendments. MDUFA requires the payment of a user fee for most types of premarket medical device applications.

A business that is qualified and certified as a “small business” is eligible for a substantial reduction or waiver of the MDUFA user fee for certain premarket applications.

To be eligible for the reduced or waived fee, the business must first qualify as a “small business.”

To apply for a Small Business Certification, a business must submit a MDUFA Small Business Certification Request to the Center for Devices and Radiological Health, or CDRH, at FDA.

Here are the types of premarket applications eligible for a Small Business reduced/waived user fee.
