# Public Meeting: Responsible Innovation in Dietary Supplements

**Ashish Talati**

Partner

Amin Talati Upadhye LLP

# Understanding Exceptions to the NDIN Requirement

AMIN  
TALATI  
UPADHYE

# GRAS or Approved Food Additive

AMIN  
TALATI  
UPADHYE

- GRAS Notifications
- Independent GRAS Conclusion
- Food Additive Petition

## Available in the Food Supply

AMIN  
TALATI  
UPADHYE

- Legally marketed (anywhere in the world) and
- Has been introduced into the food supply

# Used as a Dietary Ingredient without Chemical Alteration

AMIN  
TALATI  
UPADHYE

- Process that does not result in chemical alteration
  - Involves only physical steps (e.g., water extraction and condensation); and
  - Does not selectively increase the concentration of particular active ingredients or cause a chemical reaction (other than esterification) that would modify the covalent bonds of any substance in the original material
