## **SUMMARY OF CHANGES**

---

The FDA works closely with stakeholders through the Association of Food and Drug Officials (AFDO) Manufactured Food Regulatory Program Alliance (MFRPA) to review proposed changes to the MFRPS. Changes may be proposed by the FDA, or by regulatory state programs. MFRPA proposed changes were provided to the Partnership for Food Protection (PFP) Governing Council (GC) for review and comment. The PFP GC does not serve as a voting body on the MFRPS change recommendations but instead provides technical review and overall executive and policy comments for the Alliance Board and the FDA to consider.

FDA and MFRPA agreed that the 2025 MFRPS would be the same as the 2022 MFRPS with no changes. A copy of the 2025 MFRPS can be downloaded from the MFRPS Workgroup on FoodSHIELD.

Note: The Office of Management & Budget established December 31, 2028, as the expiration date for the 2025 MFRPS.
