Good morning -

Thank you for your email. Please see FDA's guidance on the 1572 form.

<https://www.fda.gov/media/78830/download> Please see page 12 where labs are mentioned. It would seem that "legal address" where the samples will be received and process should be the address placed on the 1572 form

The 1572 form is a sponsor form. If you are not the sponsor, you can always seek advice from the sponsor.

Kind regards,

Doreen M. Kezer, MSN

Hello,

Our central laboratory's legal address and in our contract is listed as a PO Box. However the testing facilities lists another address. On the 1572, should we use the legal address or the facility address where the samples will be received and processed?

Thank you in advance,
