Good afternoon –

Yes, it is ok just to list the main hospital and campus address. For reference, please see FDA guidance on the 1572 form. <https://www.fda.gov/media/78830/download>

Kind regards,

Doreen M. Kezer, MSN

Subject: 1572 Box 3 Question

For box 3 on the 1572, is it acceptable to just list the main hospital campus address, rather than listing individual suite numbers for clinics at that campus, where study activities are taking place? For example, we are a hospital with south and north medical office building wings which house various clinics. Clinic addresses are listed as Hospital Name, Street Address, NMOB Suite XXX City State Zip. The hospital is listed as Hospital Name, Street Address City State Zip
