

Welcome to the Media Preparedness Training

Sign up for one of the four 60-minute sessions using the links below
Time for each session 1-2pm

Hosted by ORA's Division of Communications, these trainings will equip you to engage with the media if approached while facilitating an inspection, after a presentation at a meeting/conference or if you are asked to support an interview as a technical expert. Participants will learn how to handle interactions with members of the media; answer difficult questions, become more confident in dealing with members of the press.

Please make sure your phone is available to download a **Media App Image** for quick media tips to reference if needed.
We will walk you through the process at the end of the training session.
