Dear Dr. Ogden:

We completed our review of your SE Report¹ and determined that the new tobacco product is substantially equivalent to the predicate tobacco product listed in Appendix A² and is in compliance with the requirements of the FD&C Act. Under the provisions of section 910 and 905(j) of the FD&C Act, you may introduce or deliver for introduction into interstate commerce the new tobacco product subject of this letter.

Our finding does not mean we “approved” the new product specified in Appendix A; therefore, you may not promote or in any way represent the new tobacco product specified in Appendix A, or the labeling, as being “approved” by FDA (see Section 301(tt) of the FD&C Act).

For information on how to fulfill the provisions of section 910(a)(4) of the FD&C Act, refer to Appendix B.

In accordance with 40 CFR 1506.6, we will make your Environmental Assessment (EA) publicly available.

All regulated tobacco products, including the tobacco product specified in Appendix A, are subject to the requirements of the FD&C Act and its implementing regulations. It is your responsibility to ensure the tobacco product specified in Appendix A complies with all applicable statutory and regulatory requirements. FDA will monitor your compliance with all applicable statutes and regulations.

¹ Substantially Equivalent (SE) Report submitted under section 905(j) of the Federal Food, Drug, and Cosmetic Act (FD&C Act)

² In addition to comparing the new tobacco product to the predicate tobacco product named by the applicant, FDA also compared the new tobacco product in SE0015707 to the grandfathered tobacco product in SE0015250. Although the new product has different characteristics than the grandfathered tobacco product in SE0015250, FDA found that those differences do not cause the new tobacco product to raise different questions of public health, and thus the new tobacco product are also substantially equivalent to the grandfathered product in SE0015250.

If you have any questions, you may contact Barbara Banchemo, Regulatory Health Project Manager, at (301) 796-1937 or Barbara.Banchemo@fda.hhs.gov.

Sincerely,
