## COVID-19 Self-Swab Collection Kit DTC

At-home Instructions

For IVD Use, For use under emergency use authorization only, Must be 18+ to use this kit

1

**Activate your kit online at [color.com/covid/activate](https://color.com/covid/activate).**

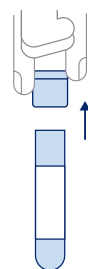

You need your unique barcode, which you'll find on your collection tube.

**Warning:** Your sample **must** be dropped off on the same day you activate and collect it.

2

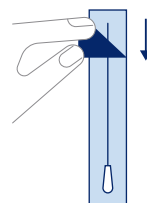

**Before collecting your sample, wash your hands thoroughly for 20 seconds and dry them well.**

3

**Remove the cap of the collection tube.**

Keep the cap and collection tube nearby.

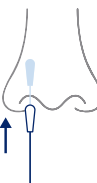

4

**Open the swab package.**

Starting from the handle end of the swab package, peel open the paper backing. Pull swab out of its packaging by the handle.

**Note:** Do not touch the soft tip with your hands or lay it down on any surface.

5

**Rotate swab tip in first nostril, 4 times.**

Insert the soft tip into one nostril, until it is no longer visible. Using medium pressure against the inside of your nostril the whole time, rub the swab in a large circular motion at least 4 times.

**Note:** Swab should not go further than 1/2 inch.

6

**Rotate swab tip in other nostril, 4 times.**

Repeat the previous step in the second nostril, using the same end of the swab.

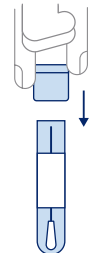

**Note:** You will use the same swab for both nostrils.

7

**Put swab into the collection tube.**

The soft tip of the swab that went into your nose should go into the tube first.

8

**Press the cap of the collection tube firmly closed.**

You're almost done! Make sure the top is closed tightly.

**Note:** After closing the collection tube, wash your hands thoroughly for 20 seconds and dry them well.

9

**Put collection tube into the biohazard bag.**

Close the bag with the adhesive seal.

10

**Put biohazard bag into the return shipping mailer.**

Remove the adhesive strip and seal the mailer closed. This packaging is specially designed for carrying samples suspected of carrying infectious substances. Do NOT replace it.

**Note:** Your return shipping has already been paid.

11

**Return kit.**

Your sample must be returned on the same day you collect it.

**Tip:** If you aren't able to return your sample on the same day, contact [mycovidtest@color.com](mailto:mycovidtest@color.com).
