

Title 21 Vacancy Announcement
Department of Health and Human Services (HHS)
Food and Drug Administration (FDA)
Center for Drug Evaluation and Research (CDER)
Office of Pharmaceutical Quality (OPQ)
Office of Pharmaceutical Manufacturing Assessment (OPMA)
Division of Biotechnology Manufacturing (DBM)

Application Period: October 6, 2021 – October 20, 2021

Area of Consideration: United States Citizenship is required. You must be a U.S. Citizen or U.S. National. Foreign nationals or legal permanent residents are not eligible for consideration.

Position: Division Director (Supervisory Interdisciplinary Scientist)

Series: 1320/403/401

Location(s): Silver Spring, MD

Salary: Starting at \$163,962

Work Schedule: Full Time

Cures Band(s): Band F

Full Performance Band Level: Band F

Travel Requirements: 25% or less

Relocation Expenses Reimbursement: You may qualify for reimbursement of relocation expenses in accordance with agency policy.

This position is being filled under a stream-lined hiring authority, Title 21, Section 3072 of the 21st Century Cures Act. The candidate selected for this position will serve under a career or career-conditional appointment and be paid under the provisions of this authority.

Additional information on 21st Century Cures Act can be found here:

[21st Century Cures Act Information](#)

Introduction

The Food and Drug Administration (FDA or Agency) is the regulatory, scientific, public health and consumer protection agency responsible for ensuring all human and animal drugs, medical devices, cosmetics, foods, food additives, drugs and medicated feeds for food producing animals, tobacco and radiation emitting devices are safe, and effective.

The mission of the Center for Drug Evaluation and Research (CDER) is to perform an essential public health risk by making sure that safe and effective drugs are available to improve the

health of people in the United States. CDER regulates over the counter (OTC) and prescription drugs, including biological therapeutics and generic drugs.

The Office of Pharmaceutical Quality (OPQ) oversees and coordinates the overall regulation of human pharmaceutical quality within CDER, including submission review, manufacturing facility assessment, and surveillance of the quality of marketed pharmaceutical products.

The Office of Pharmaceutical Manufacturing Assessment (OPMA) serves as the OPQ's centralized resource on pre-and post-approval inspections and manufacturing issues that impact application assessment. The Division of Biotechnology Manufacturing (DBM) is the centralized source on microbial control, sterility assurance, and microbial product quality aspects for biologics manufacturing, and on inspectional and facilities activities related to pre-license, pre-approval, and post-approval inspections, and other post-marketing/compliance activities.

Duties/Responsibilities

The incumbent serves as the Division Director, OPMA/DBM. In this capacity, the incumbent advises the Office Director and provides the scientific and technical expertise and managerial leadership pertaining to the scientific review and quality evaluation of the microbiological and manufacturing process data for Investigational New Drugs (INDs), Biologics License Applications (BLAs), Drug Master Files (DMFs), and supplemental BLAs assigned to the division.

- Collaborates with the Office Director to formulate and develop short-term and long-range pre-license, and/or pre-approval, and post-approval inspection and post-marketing/compliance program goals, policies, and standards.
- Manages, leads, develops, and executes the strategies and processes involving the pre-license and/or pre-approval biotechnology-related inspection assignments and facilities evaluations to ensure the implementation of current Good Manufacturing Practices (cGMPs).
- Provides leadership and participation on the leveraging of microbiological and manufacturing process data to identify and monitor leading indicators of potential quality problems that impact application assessments, product availability, and consumer safety.
- Provides leadership and technical authority involving the development and implementation of manufacturing standards for the efficacy and quality assessment of drugs.

Supervisory Responsibilities: Manages the functional discipline, providing leadership and management oversight to subordinate staff. Supervises and evaluates staff of branch chiefs who serve as experts in their field. Provides occupational specific technical and administrative direction and supervision 25 percent or more of the time to subordinate staff performing the work and functions of the organizational unit.

Conditions of Employment

- U.S. Citizenship requirement or proof of being a U.S. National must be met by closing date.
- Employment is subject to the successful completion of a background investigation, verification of qualifications, completion of onboarding forms, submission of required documents, and any other job-related requirement before or after appointment.
- Applicants must meet all qualification requirements by the closing date of this announcement.
- Direct Deposit: You will be required to have all federal salary payments electronically deposited into a bank account with a financial institution of your choice.
- FDA participates in e-Verify: All new hires must complete the I-9 form; this information will be processed through e-Verify to determine your employment eligibility. If a discrepancy arises, you must take affirmative steps to resolve the matter.
- Males born after December 31, 1959 must be registered with the Selective Service.
- One year supervisory probationary period may be required.
- Financial Disclosure may be required.
- Ethics Clearance may be required.
- Background Investigation/Security Clearance is required. All employees must pass a security investigation. Failing to pass the background check may be grounds for removal or legal action. If hired, you may be subject to additional investigations at a later time.

Qualifications

To be placed into a Cures position, candidates must meet the following criteria:

1. Scientific, Technical, and Professional Fields
2. Qualified and Outstanding Candidates
 - a. **Qualified** applies to all candidates for Cures appointments. The FDA OTS will use the basic requirements defined in the [OPM Qualification Standards](#) as a baseline for comparing experience levels and other candidate attributes for relevant positions.
 - b. **Outstanding** candidates can be defined by existing outstanding work experience, outstanding performance rating, or both.

In order to qualify for this Title 21 Cures position, the candidate(s) must meet the following **required** qualifications. *Please note: Additional education and experience listed that is not indicated as **required** is preferable and desired. Candidates who do not meet the “desired” criteria will **not** be excluded from consideration for this position.*

Education Requirement:

Required Education

[Chemist, 1320](#): Degree: physical sciences, life sciences, or engineering that included 30

semester hours in chemistry, supplemented by course work in mathematics through differential and integral calculus, and at least 6 semester hours of physics. Or a combination of education and experience with course work equivalent to those listed including at least 30 semester hours in chemistry supplemented by mathematics through differential and integral calculus, and at least 6 semester hours of physics, plus appropriate experience, or additional education.

[Microbiologist, 403](#): Degree: microbiology, or biology, chemistry, or basic medical science that included at least 20 semester hours in microbiology and other subjects related to the study of microorganisms, and 20 semester hours in the physical and mathematical sciences combining course work in organic chemistry or biochemistry, physics, and college algebra, or their equivalent. Or a combination of education and experience with courses equivalent to a major in microbiology, biology, chemistry, or basic medical science that included courses as listed, plus appropriate experience or additional education.

[Biologist, 401](#): Degree: biological sciences, agriculture, natural resource management, chemistry, or related disciplines appropriate to the position. Or a combination of education and experience with courses equivalent to a major listed, plus appropriate experience or additional education.

Desired Education:

- Possession of an advanced degree in one of the majors listed above.

Desired Professional Experience:

- Possession of significant experience in identifying, articulating, addressing, and resolving unique, far-reaching and/or previously unresolved and precedent-setting problems and complex issues.
- Demonstrated skill in applying leadership principles and concepts managing and leading a diverse interdisciplinary staff.
- Excellent communicator with strong interpersonal skills.
- Demonstrated ability to develop networks and build alliances; collaborates across boundaries to build strategic relations and achieve common goals.
- Ability to identify internal and external politics that impact the work of the organization. Perceives organizational political reality and acts accordingly.
- Demonstrated ability to identify and analyze problems; weigh relevance and accuracy of information; generate and evaluate alternative solutions; make recommendations.
- Ability to organize time effectively, determine priorities, and move work forward.
- Ability to work independently and as a contributing, collaborative team member.

Education Transcripts

SUBMITTING YOUR TRANSCRIPTS: Positions which are scientific or technical in nature often have very specific educational requirements. A transcript is required to verify educational

achievement. Pay careful attention to the Qualifications and Education sections to identify vacancies where a transcript is required. Even if you hold a similar position or are a current FDA employee, you are not exempt from transcript requirements.

FOREIGN EDUCATION: If you are using education completed in foreign colleges or universities to meet the qualification requirements, you must show that the education credentials have been evaluated by a private organization that specializes in interpretation of foreign education programs and such education has been deemed equivalent to that gained in an accredited U.S. education program; or full credit has been given for the courses at a U.S. accredited college or university. For more information about this requirement, please visit the [U.S. Department of Education website for Foreign Education Evaluation](#).

Security Clearance Requirements

Background Investigation/Security Clearance Requirements: Non-Sensitive/High Risk

A background security investigation will be required for all appointees. Appointment will be subject to the applicant's successful completion of a background security investigation and favorable adjudication. Failure to successfully meet the requirements may be grounds for appropriate personnel action. In addition, if hired, a background security investigation or supplemental investigation may be required later.

Applicants are also advised that all information concerning qualification is subject to investigation. False representation may be grounds for non-selection and/or appropriate disciplinary action.

Ethics Clearance Requirements

This position may require financial disclosure reporting and will be subject to FDA's prohibited financial interest regulation. If you are hired, you may be required to divest of certain financial interests. You are advised to seek additional information on this requirement from the hiring official before accepting any job offers. For more information please visit the FDA Ethics web page: <https://www.fda.gov/about-fda/jobs-and-training-fda/ethics>.

Equal Employment Opportunity

Equal Employment Opportunity Policy

The United States Government does not discriminate in employment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, political affiliation, sexual orientation, marital status, disability, genetic information, age, membership in an employee organization, retaliation, parental status, military service, or other non-merit factor.

[Equal Employment Opportunity \(EEO\) for federal employees & job applicants](#)

Reasonable Accommodation

Reasonable Accommodation Policy

Federal agencies must provide reasonable accommodation to applicants with disabilities where appropriate. Applicants requiring reasonable accommodation for any part of the application process should follow the instructions in the job opportunity announcement. For any part of the remaining hiring process, applicants should contact the hiring agency directly. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. A reasonable accommodation is any change to a job, the work environment, or the way things are usually done that enables an individual with a disability to apply for a job, perform job duties or receive equal access to job benefits.

Under the Rehabilitation Act of 1973, federal agencies must provide reasonable accommodations when: An applicant with a disability needs an accommodation to have an equal opportunity to apply for a job. An employee with a disability needs an accommodation to perform the essential job duties or to gain access to the workplace. An employee with a disability needs an accommodation to receive equal access to benefits, such as details, training, and office-sponsored events. You can request a reasonable accommodation at any time during the application or hiring process or while on the job. Requests are considered on a case-by-case basis. Learn more about [disability employment and reasonable accommodations](#) or [how to contact an agency](#).

E-Verify

The Food and Drug Administration participates in the USCIS Electronic Employment Eligibility Verification Program (E-Verify). E-Verify helps employers determine employment eligibility of new hires and the validity of their Social Security numbers.

How to Apply

All qualified candidates should submit resume with cover letter and unofficial transcripts (if you have foreign transcripts please submit a course-by-course foreign transcript evaluation from an accredited company) by October 20, 2021 to: OPQ_Cures_Recruitment@fda.hhs.gov. Candidate resumes may be shared with hiring official within CDER with a similar job vacancy. Candidates can opt out of this process by annotating resume with “do not share”. For questions, please contact OPQ_Cures_Recruitment@fda.hhs.gov. Please reference Job Reference ID: OPMA – Division Director.

Announcement Contact
