

CURRICULUM VITAE

Andrew Alan Bremer, M.D., Ph.D., M.A.S., F.A.A.P.

POSITION Chief, Pediatric Growth and Nutrition Branch
Acting Chief, Pregnancy and Perinatology Branch
Program Official, Neonatal Research Network
Program Official, Maternal-Fetal Medicine Units Network
Program Official, Global Network for Women's and Children's Health
Research
National Institute of Child Health and Human Development
National Institutes of Health

ADDRESS 6710B Rockledge Drive, Room 2444
Bethesda, Maryland 20817
Voice: (301) 402-7886
Email: andrew.bremer@nih.gov

EDUCATION

09/90-05/94 Yale University
New Haven, Connecticut
Degree: B.S., Molecular Biophysics and Biochemistry

09/94-05/01 Boston University School of Medicine
Boston, Massachusetts
Degree: M.D., *Cum Laude*
Degree: Ph.D., Pharmacology

09/07-05/09 University of California, Davis
Davis, California
Degree: M.A.S., Clinical Research

POSTGRADUATE TRAINING

07/01-06/05 Baylor College of Medicine
Houston, Texas
Resident, Internal Medicine and Pediatrics

07/03-06/05 Baylor College of Medicine
Houston, Texas
Chief Resident, Internal Medicine and Pediatrics

04/05-06/05 Baylor College of Medicine
Houston, Texas
Chief Resident, Neonatology

07/05-06/07 University of California, San Francisco
San Francisco, California
Clinical Fellow, Pediatric Endocrinology

LEADERSHIP TRAINING

07/19-12/19 National Institutes of Health (NIH) Senior Leadership Program
National Institutes of Health
Bethesda, Maryland

LICENSURE

2003 Medical License (L6805), State of Texas
2005 Medical License (A91845), State of California
2010 Medical License (46141), State of Tennessee

MEDICAL CERTIFICATIONS

2005 Diplomate, American Board of Internal Medicine
2005 Diplomate, American Board of Pediatrics
2007 Diplomate, American Board of Pediatrics, Pediatric Endocrinology

ACADEMIC APPOINTMENTS

07/07-07/10 Assistant Professor
Department of Pediatrics
Division of Endocrinology
University of California, Davis
Sacramento, California

07/10-11/12 Assistant Professor
Department of Pediatrics
Division of Endocrinology
Vanderbilt University
Nashville, Tennessee

11/12-11/13 Associate Professor
Department of Pediatrics
Division of Pediatric Endocrinology
Department of Medicine
Division of Endocrinology, Diabetes, and Metabolism
Vanderbilt University
Nashville, Tennessee

GOVERNMENT APPOINTMENTS

11/13-07/18 Medical Officer and Program Director
Division of Diabetes, Endocrinology, and Metabolic Diseases
National Institute of Diabetes and Digestive and Kidney Diseases
National Institutes of Health
Bethesda, Maryland

01/14-present Faculty, Pediatric Endocrinology Training Program
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

07/18-present Chief, Pediatric Growth and Nutrition Branch
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

01/19-02/19 Acting Chief, Child Development and Behavior Branch
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

02/19-present Acting Chief, Pregnancy and Perinatology Branch
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

MANAGEMENT POSITIONS

07/18-present Chief, Pediatric Growth and Nutrition Branch (4 direct reports)
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

01/19-02/19 Acting Chief, Child Development and Behavior Branch (7 direct reports)
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

02/19-present Acting Chief, Pregnancy and Perinatology Branch (7 direct reports)
National Institute of Child Health and Human Development
National Institutes of Health
Bethesda, Maryland

HOSPITAL APPOINTMENTS

2001 Baylor College of Medicine
Houston, Texas

2005 University of California, San Francisco
San Francisco, California

2007 University of California, Davis
San Francisco, California

2010 Vanderbilt University
Nashville, Tennessee

2014 National Institutes of Health
Bethesda, Maryland

PROFESSIONAL ACTIVITIES

Fellowships

2009 Fellow, American Academy of Pediatrics

Memberships

1994 Yale Alumni Schools Committee
1994 Massachusetts Medical Society
2001 American Academy of Pediatrics
Section on Internal Medicine/Pediatrics
Section on Endocrinology
Section on Advances in Therapeutics and Technology
NIH Liaison to the Committee on Nutrition
NIH Liaison to the Section on Obesity
NIH Liaison to the Section Neonatal Perinatal Medicine
2007 The Endocrine Society
2007 American Diabetes Association
2009 The Obesity Society
Section on Pediatric Obesity
2010 Pediatric Endocrine Society
Public Policy Council
2013 Society for Pediatric Research
2015 Association for Clinical and Translational Science

Scientific Advisory Boards

2010 Science Translational Medicine

Councils

2014 Pediatric Endocrine Society Public Policy Council

Multicenter Research Consortium Research Groups

2010-2013 Diabetes Research in Children Network (DirecNet) and Type 1 Diabetes
TrialNet Study Groups

Editorial Boards and Positions

2008-2016 Metabolic Syndrome and Related Disorders
Associate Editor: 2016
2010-2014 International Journal of Pediatric Endocrinology
2012-2017 Children
2012-2017 Pediatric Annals
Guest Editor: Pediatric Endocrinology (2012)
2013-2016 BMC (BioMed Central) Endocrine Disorders

Publication Boards

2012-2017 Pediatric Annals
Pediatric Annals is America's most widely read journal for continuing education in the field of pediatrics

Society Reviewer

2011 The Endocrine Society, abstracts for ENDO annual meeting
2012-2015 The Obesity Society, POS abstracts for TOS annual meeting

Scientific Contributor

2009-2015 National Organization for Rare Disorders (NORD)

Peer Reviewer

2008-present Metabolic Syndrome and Related Disorders
2008-present Diabetes Care
2009-present World Journal of Pediatrics
2009-2013 Archives of Pediatrics and Adolescent Medicine (now JAMA Pediatrics)
2009-present Diabetes Research and Clinical Practice
2009-present Nature Reviews Endocrinology
2009-present Endocrine
2010-present International Journal of Pediatric Endocrinology
2010-present Pediatrics International
2010-present Pediatrics
2010-present American Journal of Clinical Nutrition
2010-present Journal of Clinical Endocrinology and Metabolism
2011-present Public Library of Science (PLOS) One
2011-present Genetics in Medicine
2011-present International Journal of Pediatrics
2011-present Nutrition & Metabolism
2011-present Journal of Physical Activity & Health
2012-present Pediatric Obesity
2012-present International Journal of Obesity
2012-present Obesity
2012-present Global Public Health
2012-present Academic Pediatrics
2013-present Journal of the American Medical Association (JAMA) Pediatrics
2013-present Nutrition Research
2013-present Public Health Nutrition
2015-present Archives of Disease in Childhood
2017-present Journal of Evolution and Health
2020-present Journal of the Academy of Nutrition and Dietetics
2020-present American Journal of Obstetrics & Gynecology

National Advisory / Consulting Activities

Government

- 2010-2018 **Member, Data Safety Monitoring Board.**
Study: Fluid Therapy and Cerebral Injury in Pediatric Diabetic Ketoacidosis (Fluid Therapy in DKA), sponsored by the *Eunice Kennedy Shriver* National Institute of Child Health and Human Development (NICHD), the Pediatric Emergency Care Applied Research Network (PECARN), Maternal and Child Health, and the Emergency Medical Services for Children (EMSC) Program
- 2012 **Invited NIH Research Meeting Participant and Speaker.**
Meeting: Clinical Research Strategies for Fructose Metabolism, National Institute of Diabetes and Digestive and Kidney Diseases, National Institutes of Health
- 2013 **Member, Comparative Medicine Special Emphasis Panel.**
National Center for Advancing Translational Sciences, National Institutes of Health
- 2014-2015 **Member, Advisory Committee.**
Project: eLearning Lesson on Hypoglycemia Medication Management, Office of the Assistant Secretary for Health, United States Department of Health and Human Services
- 05/16-07/18 **Member, Joint Steering Committee for the Indo-U.S. Diabetes Research Collaboration.**
National Institute of Diabetes and Digestive and Kidney Diseases, National Institutes of Health
- 07/15-01/20 **Member, NIH Child Care Board.**
Co-Chair, Back-Up Care Committee
Member, Charter Committee
Member, Strategic Planning/Marketing and Outreach Committee
Liaison, NIH Health and Wellness Council
National Institutes of Health
- 07/15-present **Member, Environmental Influences on Child Health Outcomes (ECHO) Trans-NIH Group.**
Consultant, ECHO Program
Member, Obesity Working Group
National Institutes of Health
- 10/16-present **Member, NIH Nutrition Research Coordinating Committee (NRCC).**
Member, Nutrition Research Task Force Strategic Planning Group
National Institutes of Health
- 10/16-present **Member, Federal Data Consortium on Pregnancy and Birth to 24 Months.**
National Institutes of Health

- 03/17-present **Member, US Government Global Nutrition Coordination Plan Non-Communicable Diseases Sub Group.**
United States Department of Health and Human Services
United States Agency for International Development
United States Department of Agriculture
- 03/17-03/19 **Member, HHS Task Force on Research Specific to Pregnant Women and Lactating Women.**
United States Department of Health and Human Services
National Institutes of Health
- 03/19-present **Working Group Co-Chair, HHS Task Force on Research Specific to Pregnant Women and Lactating Women.**
United States Department of Health and Human Services
National Institutes of Health
- 05/17-12/20 **Senior Leadership Group Member, NIH Nutrition Research Task Force.**
National Institute of Child Health and Human Development
National Institutes of Health
- 12/17-present **Associate Investigator / Clinician, NIH Clinical Center.**
National Institute of Diabetes and Digestive and Kidney Diseases,
National Institutes of Health
- 07/18-present **Senior Leadership Group Member, NIH Obesity Research Task Force.**
National Institute of Child Health and Human Development
National Institutes of Health
- 07/18-present **Representative, Statutory Diabetes Mellitus Interagency Coordinating Committee (DMICC).**
National Institute of Child Health and Human Development
United States Department of Health and Human Services
- 07/18-present **Member, Joint Agency Nutrition Working Group, FDA-NIH Joint Leadership Council.**
National Institute of Child Health and Human Development
National Institutes of Health
- 07/18-present **Member, National Institute of Child Health and Human Development (NICHD) Data and Specimen Hub (DASH) Committee.**
Member, Core Working Group
National Institute of Child Health and Human Development
National Institutes of Health
- 07/18-present **Member, National Institute of Child Health and Human Development (NICHD) Clinical Trials Working Group.**
National Institute of Child Health and Human Development
National Institutes of Health

07/18-present **Member, National Institute of Child Health and Human Development (NICHD) Best Pharmaceuticals for Children Act (BPCA) Research Oversight Committee.**

National Institute of Child Health and Human Development
National Institutes of Health

07/18-09/19 **Member, National Institute of Child Health and Human Development (NICHD) Strategic Planning Working Group.**

National Institute of Child Health and Human Development
National Institutes of Health

07/18-present **Co-Chair, Steering Committee and Senior Leadership Member, National Collaborative on Childhood Obesity Research (NCCOR).**

National Institutes of Health
Centers for Disease Control and Prevention
Robert Wood Johnson Foundation
United States Department of Agriculture

10/18-present **Government Member, United States Breastfeeding Committee.**

National Institute of Child Health and Human Development
National Institutes of Health

11/18-present **Member, Federal Interagency Breastfeeding Workgroup.**

National Institute of Child Health and Human Development
National Institutes of Health

11/18-present **Subgroup Member, NIH Pediatric Research Consortium.**

National Institute of Child Health and Human Development
National Institutes of Health

11/18-12/19 **Chair, National Institute of Child Health and Human Development (NICHD) Clinical Trial Risk Review Committee.**

National Institute of Child Health and Human Development
National Institutes of Health

02/19-present **NIH Liaison, American Academy of Pediatrics (AAP) Committee on Nutrition.**

National Institute of Child Health and Human Development
National Institutes of Health

02/19-present **NIH Helping to End Addiction Long-TermSM (HEAL) Initiative Program Directors Group.**

Co-Chair, Infants and Children HEAL Scientific Team
National Institute of Child Health and Human Development
National Institutes of Health

02/19-present **Member, National Institute of Child Health and Human Development (NICHD) Global Health Working Group.**

National Institute of Child Health and Human Development
National Institutes of Health

- 02/19-09/19 **Member, National Youth Sports Strategy Federal Steering Committee.**
National Institute of Child Health and Human Development
National Institutes of Health
- 03/19-09/19 **Member, Office of Dietary Supplements (ODS) Review Working Group.**
National Institute of Child Health and Human Development
National Institutes of Health
- 05/19-present **NIH Liaison, American Academy of Pediatrics (AAP) Section on Obesity.**
National Institute of Child Health and Human Development
National Institutes of Health
- 05/19-present **NIH Liaison, American Academy of Pediatrics (AAP) Section on Neonatal Perinatal Medicine.**
National Institute of Child Health and Human Development
National Institutes of Health
- 05/19-present **Member, NIH Coordinating Committee to Expand Research on Polycystic Ovary Disease (PCOS).**
National Institute of Child Health and Human Development
National Institutes of Health
- 11/19-present **Member, Department of Health and Human Services Neonatal Abstinence Syndrome (NAS)/Neonatal Opioid Withdrawal Syndrome (NOWS) Working Group.**
National Institute of Child Health and Human Development
National Institutes of Health
- 11/19-present **Alternate Member, Federal Interagency Committee on Human Nutrition Research (ICHNR).**
National Institute of Child Health and Human Development
National Institutes of Health
- 02/20-present **Member, NIH Helping to End Addiction Long-TermSM (HEAL) Initiative Co-Chair Committee.**
Co-Chair, Infants and Children HEAL Scientific Team
National Institute of Child Health and Human Development
National Institutes of Health
- 03/20-present **Member, NIH Precision Nutrition Common Fund Program.**
National Institute of Child Health and Human Development
National Institutes of Health
- 03/20-present **Member, NIH Cellular Senescence and Senolytics (CS2) Common Fund Program.**
National Institute of Child Health and Human Development
National Institutes of Health

03/20-present **Representative, U.S. Government Global Nutrition Coordination Plan.**

National Institute of Child Health and Human Development
National Institutes of Health

Non-Government

2010-2013 **Consultant, Novo Nordisk, Inc.**

Consult on basic science research projects and clinical research studies focused on the pathogenesis, treatment, and prevention of obesity and obesity-associated conditions

2011-2013 **Consultant, American Humane Association.**

Consult on issues related to research studies focused on the use of animal-assisted therapy with pediatric patients

2011-2013 **Consultant, Veterinarians Without Borders – United States.**

Consult on research studies focused on rebuilding Timor-Leste value chains for milk, meat, and poultry production to enhance the health of infants and children through better food quality, availability, and safety

2012 **Symposium Co-Chair, North American CF Conference.**

Serve as conference faculty and coordinate a scientific session on CF-related diabetes diagnosis, treatment, and management at the annual North American Cystic Fibrosis Conference; Orlando, Florida

2012 **Grant Reviewer, Cystic Fibrosis-Related Research.**

NIH-funded P30 Cystic Fibrosis Research Translation Center, Seattle Children's Research Institute and University of Washington School of Medicine

2012-2014 **Councilor, Pediatric Obesity Section of The Obesity Society.**

The Pediatric Section of The Obesity Society supports and promotes scientific efforts to understand the correlates, causes, and consequences of pediatric obesity and to inform its treatment and prevention

09/20-present **Member, Reducing Suicide Rates Amongst Individuals with Diabetes (RESCUE) Collaborative Community.**

The mission of the RESCUE Collaborative Community is to reduce rates of intended self-injury and suicidal acts by people with diabetes through improved understanding of the risk factors and implementing strategies to address them

Peer-Elected Societies

2013 Society for Pediatric Research

UNIVERSITY SERVICE

Yale University

2017-present AYA Alumni-Student Mentor and Candidate Interviewer
Association of Yale Alumni

Boston University School of Medicine / Departmental Service

1999 Graduate Education Committee
Department of Pharmacology and Experimental Therapeutics

Baylor College of Medicine / Departmental Service

2003-2005 Resident Assistant Program
Department of Internal Medicine

UCSF School of Medicine / Departmental Service

2006-2007 Fellows' Leadership and Advocacy Group Co-Chair
Department of Pediatrics

2006-2007 Diabetes Interest Group Coordinator
Department of Pediatrics, Division of Endocrinology

UC Davis School of Medicine / Departmental Service

2007-2010 Pediatric Residency Selection Committee
Department of Pediatrics

2007-2010 Pediatric Medical Student Education Committee
Department of Pediatrics

2007-2010 Pediatric Residency Journal Club Core Faculty Mentor
Department of Pediatrics

2007-2010 Pediatric Endocrinology Electronic Medical Record (EMR) Liaison
Department of Pediatrics

2008-2010 Member, Exercise Science Graduate Group
University of California Davis

Vanderbilt University School of Medicine / Departmental Service

2010-2013 Faculty Affiliate Advisor, Gabbe College
Vanderbilt University School of Medicine

2010-2013 Pediatric Endocrinology Fellowship Committee
Vanderbilt University School of Medicine

- 2011-2013 Operations Council Member
Vanderbilt Children's Hospital Outpatient Center
- 2011-2013 Diabetes Research Center Member
Vanderbilt University School of Medicine
- 2011-2013 Medical School Interviewer
Vanderbilt University School of Medicine
- 2012-2013 Preceptor, Continuity Clinical Experience
Vanderbilt University School of Medicine
- 2012-2013 Seminar Leader, Continuity Clinical Experience
Vanderbilt University School of Medicine
- 2012-2013 Preceptor, Vanderbilt Interprofessional Learning Program (VPIL)
Vanderbilt University School of Medicine
- 2012-2013 Director, Cystic Fibrosis-Related Research
Vanderbilt University School of Medicine
- 2013 Member, Vanderbilt Academy for Excellence in Teaching
Vanderbilt University, College of Arts and Sciences & School of Medicine
- 2013 Faculty Advisor, Undergraduate Clinical Research Internship Program
Vanderbilt University School of Medicine

HONORS AND AWARDS

- 1993 Yale College Council Representative, Yale University
- 1993 Yale University Health Services Advisory Committee, Yale University
- 1993 American Heart Association Missouri Affiliate Summer Fellowship
- 1996 National Science Foundation Summer Institute in Japan Fellowship
- 1996 Association of Pathology Chairs, Inc. Honors Society
- 1999 Mehos Scholarship, Boston University School of Medicine
- 1999 Pharmacia and Upjohn Graduate Student Award
- 1999 1st Prize Student Achievement Award, Boston University
- 1999 Science Day Dean's Award, Boston University
- 2001 Alpha Omega Alpha – National Honor Medical Society
- 2005 Most Outstanding Resident Award, Baylor College of Medicine
- 2009 Western American Federation for Medical Research Outstanding
Investigator Award
- 2009 Excellence in Teaching Award, Department of Pediatrics, UC Davis
- 2012 Five Star Patient Satisfaction Award, Professional Research Consultants
- 2013 Inducted as a VUceptor, The Ingram Commons, Vanderbilt University
- 2013 Elected into the Vanderbilt Academy for Excellence in Teaching,
Vanderbilt University
- 2013 Five Star Patient Satisfaction Award, Professional Research Consultants
- 2013 Arkansas Medical Society Distinguished Lecturer
- 2013 Elected into the Society for Pediatric Research
- 2014 Five Star Patient Satisfaction Award, Professional Research Consultants

TEACHING AND MENTORING ACTIVITIES

Clinical Teaching

| | |
|-----------|---|
| 2005-2007 | Resident, intern, and medical student teaching (daily x 6 months), Department of Pediatrics, University of California San Francisco |
| 2007-2010 | Resident, intern, and medical student teaching (2 days/wk x 12 months), Department of Pediatrics, University of California Davis |
| 2007-2010 | Fellow teaching (daily x ~4 months on-service + clinics), Department of Pediatrics, University of California Davis |
| 2010-2013 | Resident, intern, and medical student teaching (3 days/wk x 12 months), Department of Pediatrics, Vanderbilt University |
| 2010-2013 | Fellow teaching (daily x ~2 months on-service + clinics), Department of Pediatrics, Vanderbilt University |

Didactic Teaching

| | |
|-----------|--|
| 1996 | Medical Pharmacology Instructor (daily x 2 months), Office of Minority Affairs, Boston University School of Medicine |
| 1996-1998 | Medical Pharmacology Instructor/Tutor Coordinator (2-3 x / week), Department of Pharmacology, Boston University School of Medicine |
| 1997-1999 | Medical Pharmacology Lecturer in Pharmacology of Hemostatic and Fibrinolytic Agents (2 x / year), Department of Pharmacology, Boston University School of Medicine and Goldman School of Dental Medicine |
| 1997-2001 | United States Medical Licensing Examination, Step 1 Instructor/Instructor Trainer (approx 4 months / year), Princeton Review, Newton, Massachusetts |
| 1998 | Graduate Teaching Assistant in Molecular Neurobiology and Pharmacology (6 months), Department of Pharmacology, Boston University School of Medicine |

| Tielbur, Brittany | Seminar Mentor | 10/01/12 - 06/30/13 |
| Wismann-Horther, Isa | Seminar Mentor | 10/01/12 - 06/30/13 |

FORMAL SCHEDULED CLASSES FOR UCSF STUDENTS

| Qtr | Academic Yr | Course No. & Title | Teaching Contribution | Units | Class Size |
|------------|--------------------|---|------------------------------|---------------|-------------------|
| Spring | 2006-2007 | 06-07 IDS 103/131: Metabolism and Nutrition/FPC (6 hours) | Group leader | Endocrinology | 15 |
| Spring | 2006-2007 | 06-07 IDS 112: Advances in Medical Sciences (2 hours) | Group leader | Obesity | 6 |

CONFERENCES FOR UCSF RESIDENTS

- 2005 Chairman's Rounds, Department of Pediatrics
Presentation: Hypoglycemia in the newborn
- 2006 Resident Conference, Department of Pediatrics
Presentation: Sexual differentiation
- 2007 Chairman's Rounds, Department of Pediatrics
Presentation: Diabetes insipidus

FORMAL SCHEDULED CLASSES FOR UC DAVIS STUDENTS

| Qtr | Academic Yr | Course No. & Title | Teaching Contribution | Units | Class Size |
|------------|--------------------|---|------------------------------|--------------------|-------------------|
| Fall | 2007-2008 | Peds 430 Clerkship Lecture (1 hour) | Lecturer | General Pediatrics | 20 |
| Winter | 2007-2008 | Peds 430 Clerkship Lecture (1 hour) | Lecturer | General Pediatrics | 20 |
| Winter | 2007-2008 | MDS411, Block 2 2008 Application of Medical Principles (7.5 hours) | Group Leader | Endocrinology | 8 |
| Winter | 2007-2008 | MDS421, Block 6 2008 Application of Medical Principles (5.5 hours) | Group Leader | Endocrinology | 8 |

| | | | | | |
|--------|-----------|---|--------------|------------------------|-----|
| Winter | 2007-2008 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition (2 hours) | Lecturer | Endocrinology | 40 |
| Winter | 2007-2008 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition TBL (2 hours) | Group Leader | Endocrinology | 40 |
| Spring | 2008-2009 | MDS421, Block 3 Application of Medical Principles (5.5 hours) | Group Leader | Endocrinology | 8 |
| Fall | 2008-2009 | Student Attending (6 hours) | Group Leader | General Pediatrics | 10 |
| Fall | 2008-2009 | Peds 430 Clerkship Lecture (1 hour) | Lecturer | General Pediatrics | 20 |
| Winter | 2008-2009 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition (2 hours) | Lecturer | Endocrinology | 40 |
| Winter | 2008-2009 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition TBL (2 hours) | Group Leader | Endocrinology | 40 |
| Winter | 2008-2009 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition Obesity Case Discussion (2 hours) | Group Leader | Endocrinology | 40 |
| Winter | 2008-2009 | Exercise Science Graduate Group EXB 112, Clinical Exercise Physiology (3 hours) | Lecturer | Exercise Physiology | 100 |

| | | | | | |
|--------|-----------|---|--------------|---------------------|-----|
| Spring | 2008-2009 | Exercise Science Graduate Group EXS/MCP 290 Seminar (1 hour) | Lecturer | Exercise Physiology | 40 |
| Fall | 2009-2010 | Epidemiology Graduate Group, EPI 290 (1 hour) | Lecturer | Epidemiology | 20 |
| Winter | 2009-2010 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition (2 hours) | Lecturer | Endocrinology | 40 |
| Winter | 2009-2010 | Metabolism- Biochemistry/ Endocrinology/ Reproduction/ Nutrition TBL (2 hours) | Group Leader | Endocrinology | 40 |
| Winter | 2009-2010 | Exercise Science Graduate Group EXB 112, Clinical Exercise Physiology (3 hours) | Lecturer | Exercise Physiology | 100 |
| Spring | 2009-2010 | School of Public Health SPH 290: Topics In Public Health (1 hour) | Lecturer | Epidemiology | 15 |

LECTURES FOR UC DAVIS UNDERGRADUATE STUDENTS

Winter 2009 Exercise Science Graduate Group
Presentation: Diabetes mellitus

Winter 2009 Exercise Science Graduate Group
Presentation: Metabolic syndrome

Winter 2009 Exercise Science Graduate Group
Presentation: Metabolic homeostasis

Spring 2009 Exercise Science Graduate Group
Presentation: Insulin resistance – insights into pathogenesis & treatment

Winter 2010 Exercise Science Graduate Group
Presentation: Diabetes mellitus

Winter 2010 Exercise Science Graduate Group
Presentation: Metabolic syndrome

Winter 2010 Exercise Science Graduate Group
Presentation: Metabolic homeostasis

LECTURES FOR UC DAVIS GRADUATE STUDENTS

Spring 2009 Exercise Science Graduate Group
Presentation: Insulin resistance – insights into pathogenesis & treatment

Fall 2009 Epidemiology Graduate Group
Presentation: The relationship between insulin resistance-associated metabolic parameters and anthropometric measurements with sugar sweetened beverage intake and physical activity levels in US adolescents

Spring 2010 School of Public Health
Presentation: Sugar-sweetened beverages and public policy – health & economic aspects

LECTURES FOR UC DAVIS MEDICAL STUDENTS

Fall 2007 Pediatrics Clerkship
Presentation: Sexual differentiation

Fall 2007 Pediatrics Clerkship
Presentation: Delayed adolescence & sexual precocity

Winter 2008 2nd Year Medical Student Curriculum
Presentation: Metabolic homeostasis

Summer 2008 Pediatrics Clerkship
Presentation: Sexual differentiation

Fall 2008 Pediatrics Clerkship
Presentation: Disorders of growth

Fall 2008 Medical Student Interest Group
Presentation: Outpatient management of type 2 diabetes

Winter 2009 2nd Year Medical Student Curriculum
Presentation: Metabolic homeostasis

Winter 2009 2nd Year Medical Student Curriculum
Presentation: Obesity

Winter 2010 2nd Year Medical Student Curriculum
Presentation: Metabolic homeostasis

CONFERENCES FOR UC DAVIS RESIDENTS

- Fall 2007 Resident Conference, Department of Pediatrics
Presentation: Pediatric endocrine emergencies
- Winter 2008 Resident Conference, Department of Pediatrics

Presentation: Metabolic homeostasis

CONFERENCES FOR UC DAVIS FACULTY

- Spring 2008 Tumor Board, Department of Pediatrics
Division of Hematology and Oncology, University of California Davis
Presentation: Corticosteroids in cancer treatment
- Fall 2008 Faculty Research Seminar Series
Department of Pediatrics, University of California Davis
Presentation: Insights into the pathogenesis of metabolic syndrome

Summer 2009 Tumor Board, Department of Pediatrics
Division of Hematology and Oncology, University of California Davis
Presentation: Endocrine complications of childhood cancer therapy

Spring 2010 Tumor Board, Department of Pediatrics
Division of Hematology and Oncology, University of California Davis
Presentation: Endocrine complications of childhood cancer therap

LECTURES FOR VANDERBILT MEDICAL STUDENTS

Spring 2011 Pre-Clinical Intersession, Department of Pediatrics
Presentation: Career development

CONFERENCES FOR VANDERBILT RESIDENTS

Winter 2011 Resident Conference, Department of Pediatrics
Presentation: The adrenal gland

Summer 2012 Resident Conference, Department of Pediatrics
Presentation: The adrenal gland

CONFERENCES FOR VANDERBILT FELLOWS

Spring 2011 Pediatric Intensive Care Unit Fellows' Conference
Presentation: Calcium/phosphorus homeostasis

Spring 2012 Pediatric Intensive Care Unit Fellows' Conference
Presentation: Calcium/phosphorus homeostasis

CONFERENCES FOR VANDERBILT FACULTY

Fall 2010 Pediatric Endocrinology Division Conference
Presentation: Polycystic ovary syndrome in the pediatric population

Fall 2010 Research Conference
Department of Pediatrics, Vanderbilt University
Presentation: Carbohydrates in the diet – does your preferred
monosaccharide matter?

Summer 2011 Pediatric Endocrinology Division Conference
Presentation: Neonatal endocrinopathies

Summer 2011 Pediatric Endocrinology Division Conference
Presentation: Cystic fibrosis-related diabetes

Winter 2012 Pediatric Endocrinology Division Conference
Presentation: Cystic fibrosis-related diabetes

FORMAL SCHEDULED CLASSES FOR STUDENTS ATTENDING THE FOUNDATION FOR ADVANCED EDUCATION IN THE SCIENCES (FAES) AT THE NATIONAL INSTITUTES OF HEALTH (NIH)

| Qtr | Academic Yr | Course No. & Title | Teaching Contribution | Units | Class Size |
|--------|-------------|--|---------------------------|---------------------------|------------|
| Fall | 2014-2015 | PBHL 533: Non-Communicable Diseases in Global Health (3 hours) | Lecturer/ Group Leader | Diabetes in Global Health | 25 |
| Spring | 2015-2016 | PBHL 533: Non-Communicable Diseases in Global Health (3 hours) | Lecturer/ Group Leader | Diabetes in Global Health | 25 |
| Spring | 2016-2017 | PBHL 533: Chronic Care in Global Health (3 hours) | Lecturer/ Group Leader | Diabetes in Global Health | 25 |
| Spring | 2017-2018 | PBHL 533: Chronic Care in Global Health (3 hours) | Lecturer/ Group Leader | Diabetes in Global Health | 25 |

PARTICIPATION IN OTHER FEDERAL COURSES

2018 Global Health Diplomacy Course (PE152)
Presentation: Diabetes and global health – implications for global health diplomacy
Department of State
Foreign Service Institute, Arlington, VA

PRE-NIH ACADEMIC RESEARCH SUPPORT

Jaeb Center for Health Research/NIH NIDDK (U01 HD4189); DirecNet-TrialNet; Vanderbilt University Institute for Clinical and Translational Research (VR1458)

Effect of metabolic control at onset of diabetes on progression of type 1 diabetes

The major goals of the study are to determine: (1) if early restoration of metabolic control in individuals with new-onset diabetes will improve C-peptide production compared to individuals receiving routine diabetes management, and (2) if allowing the islet cells to be less metabolically active will have an impact on the underlying autoimmune process.

Role: Site-Principal Investigator

Dates: 11/04/10 – 10/31/13

Cystic Fibrosis Foundation/Emory University

Practical two-step screening for cystic fibrosis (CF)-related diabetes (CFRD) and prediabetes (CFRPD)

Since CFRPD and early CFRD are similar in pathophysiology and phenotype – insulin resistance, reduced insulin secretion, and post-challenge hyperglycemia – the major

goals of the study are to determine if it is possible to screen CF patients with a strategy similar to that used to screen for gestational diabetes – a lower-dose oral glucose challenge test (GCT) at any time of day and without a prior fast, with glucose measurements 1 hour later, followed by an OGTT only if glucose values exceed a prespecified cutoff.

Role: Site-Principal Investigator

Dates: 07/01/12 – 10/31/13

PREVENT (FDA; R01FD003527) (VUMC40326)

A randomized, double-blind, placebo-controlled study to determine whether chronic treatment of cystic fibrosis subjects with impaired glucose tolerance using sitagliptin (Januvia™) prevents the development of diabetes

The major goals of the study are to determine if treatment with sitagliptin (Januvia™) in cystic fibrosis (CF) patients with high-risk pre-diabetes will prevent the development of CF-related diabetes (CFRD) and improve glycemic management in CF patients who already have CFRD.

Role: Site-Principal Investigator

Dates: 04/01/12 – 10/31/13

American Humane Association (VUMC38758)

Animal-assisted therapy with pediatric oncology patients and their families: focus groups and interviews

The major goals of this program are to promote innovation, evidence-based research, practice improvements, and knowledge advancement, thus furthering the field of research on human-animal interaction and the treatment of cancer in children.

Role: Principal Investigator

Dates: 01/01/12-10/31/13

American Humane Association / Pfizer Animal Health

Canines and Childhood Cancer: Examining the Effects of Therapy Dogs with Childhood Cancer Patients and their Families – A Pilot Study

The major goal of this project is to work with children and families at hospitals that treat children with cancer to rigorously examine the medical, behavioral and mental health effects of animal-assisted therapy (AAT).

Role: Site-Principal Investigator

Dates: 01/01/13 – 10/31/13

NIH Pediatric Research Loan Repayment Program

The development and treatment of insulin resistance and dyslipidemia in a non-human primate model of metabolic syndrome

The major goal of this study is to use a high-fructose diet in rhesus macaques to develop a non-human primate model insulin resistance and dyslipidemia which can be used to study the pathogenesis and treatment of metabolic syndrome.

Role: Principal Investigator

Dates: 07/01/09 – 10/31/13

Vanderbilt Diabetes Center (S000003016)

Effect of dysglycemia on eicosanoids in cystic fibrosis

The major goals of this study are to determine: (1) the differences in isoprostanes, prostaglandins, leukotrienes, and their metabolites in cystic fibrosis patients with and without cystic fibrosis-related diabetes (CFRD), and (2) the relationship between

eicosanoid concentrations in cystic fibrosis patients with and without CFRD with pulmonary function.

Role: Principal Investigator

Dates: 03/01/13 – 06/30/13

Vanderbilt Diabetes Center (S00003016)

Effect of dysglycemia on eicosanoids in cystic fibrosis

The major goals of this study are to determine: (1) the differences in isoprostanes, prostaglandins, leukotrienes, and their metabolites in cystic fibrosis patients with and without cystic fibrosis-related diabetes (CFRD), and (2) the relationship between eicosanoid concentrations in cystic fibrosis patients with and without CFRD with pulmonary function.

Role: Principal Investigator

Dates: 03/01/13 – 06/30/13

Vanderbilt Diabetes Center (S00002705)

Effect of dysglycemia on eicosanoids in cystic fibrosis

The major goals of this study are to determine: (1) the differences in isoprostanes, prostaglandins, leukotrienes, and their metabolites in cystic fibrosis (CF) patients with and without CF-related diabetes (CFRD), and (2) the relationship between eicosanoid concentrations in CF patients with and without CFRD with pulmonary function.

Role: Principal Investigator

Dates: 10/01/12 – 02/28/13

NIH R01 HL09333

Effects of 2-weeks fructose & HFCS consumption on dyslipidemia & insulin resistance

The major goals of this project are to conduct a dose-response study of the effects of 2 weeks consumption of dietary high fructose corn syrup or fructose at 10%, 17.5% or 25% of energy requirements on lipid metabolism, insulin sensitivity and hepatic lipid content and to determine if these effects differ between in normal weight and overweight/obese adults, age 18-40 years.

Role: Study Physician / Consultant (PI: Havel PJ, UC Davis)

Dates: 01/01/08 – 11/30/12

Vanderbilt Diabetes Center (S00002452)

Effect of dysglycemia on eicosanoids in cystic fibrosis

The major goals of this study are to determine: (1) the differences in isoprostanes, prostaglandins, leukotrienes, and their metabolites in cystic fibrosis patients with and without cystic fibrosis-related diabetes (CFRD), and (2) the relationship between eicosanoid concentrations in cystic fibrosis patients with and without CFRD with pulmonary function.

Role: Principal Investigator

Dates: 02/01/12 – 06/30/12

Daiichi Sankyo Inc. (WEL-A-U307; VUMC37349)

Colesevelam oral suspension as monotherapy or add-on to metformin therapy in pediatric subjects with type 2 diabetes mellitus

The major goal of the study is to evaluate colesevelam as a treatment for type 2 diabetes and to evaluate its clinical safety and efficacy in patients aged 10-17 years.

Role: Co-Investigator

Dates: 02/24/11 – 12/31/12

Cystic Fibrosis Foundation (Bremer11QIO)

Learning and leadership collaborative: cystic fibrosis-related diabetes (CFRD) care

The major goals of this program are to assemble a multi- and inter-disciplinary Cystic Fibrosis-Related Diabetes (CFRD) management team that includes pulmonologists, registered dietitians, nurses, diabetes educators, and endocrinologists to: (1) improve CFRD screening in CF patients; (2) standardize glycemic monitoring of CF patients during hospitalizations; (3) enhance the medical therapy of those with CFRD; (4) develop a set of care processes based on CFRD care guidelines and best practices; and (5) establish a CFRD database for patient monitoring and research protocols.

Role: Principal Investigator

Dates: 01/01/11-01/01/12

NIH K12 Mentored Clinical Scientist Development Program Award

PC-1 as a biomarker of insulin resistance

The major goals of this study are to characterize PC-1 from blood elements and characterize the correlation between PC-1 and insulin sensitivity.

Role: Principal Investigator

Dates: 09/01/08 – 06/30/10

University of California Davis Academic Senate Research Grant

The pathogenesis and treatment of insulin resistance in rhesus macaques

The major goals of this study are to evaluate the metabolic effects that occur during the induction and treatment of metabolic syndrome in rhesus macaques

Role: Principal Investigator

Dates: 07/01/09 – 06/30/10

Children's Miracle Network General Research Grant

The evaluation of PC-1 as a diagnostic biomarker of insulin resistance

The major goals of this study are to characterize PC-1 from blood elements and evaluate the role of PC-1 in the pathogenesis of insulin resistance.

Role: Principal Investigator

Dates: 07/01/08 – 06/30/10

California National Primate Research Center Grant

The metabolic effects of maternal exposure to a high-fructose diet on the fetus

The major goals of this study are to test the hypotheses that (1) female rhesus macaques will develop metabolic syndrome after exposure to a high-fructose diet during pregnancy, and (2) a maternal high-fructose diet during pregnancy will lead to changes in the intrauterine environment and the metabolic programming of the fetus.

Role: Principal Investigator

Dates: 07/01/09 – 06/30/10

University of California Davis Genome Center Research Grant

The genetic and metabolomic effects of fructose exposure on rhesus macaques

The major goals of this study are to evaluate the changes in both tissue gene expression and the systemic metabolic profile that occur during the induction of insulin resistance in rhesus macaques with fructose.

Role: Principal Investigator

Dates: 07/01/09 – 06/30/10

American Diabetes Association 1-07-CR-28

Inflammation, cellular function, and metabolic syndrome

The major goals of this project are to examine (1) baseline inflammatory cell function in patients with the metabolic syndrome, and (2) the effect of therapeutic lifestyle change on inflammatory cell function in patients with the metabolic syndrome.

Role: Co-Investigator; Study Physician (PI: Jialal I, UC Davis)

Dates: 01/01/07 – 12/31/09

NIH R33DK069801

Cellular pathways of inflammation in type 1 diabetes

The major goals of this project are to examine the effect of atorvastatin therapy on biomarkers of inflammation, intravital microscopy, and urinary microalbumin in type 1 diabetic patients.

Role: Study Physician (PI: Devaraj S, UC Davis)

Dates: 09/01/04 – 08/31/09

K30 Mentored Clinical Research Training Program Grant, UC Davis

PC-1 and the pathogenesis of insulin resistance

The major goals of this study are to further define the role of PC-1 in the pathogenesis and diagnostic evaluation of insulin resistance.

Role: Principal Investigator

Dates: 07/01/07 – 06/30/09

NIH R01HL075675

Dietary fructose: hormones & triglyceride/lipoprotein metabolism

The major goals of this project are to examine the metabolic, endocrine, and atherogenic effects of 10 weeks of dietary fructose consumption in normal and hyperlipidemic, insulin resistant humans.

Role: Study Physician (PI: Havel PJ, UC Davis)

Dates: 07/01/04 – 06/30/09

NIH Pediatric Research Loan Repayment Program

Molecular characterization of the PC-1/insulin receptor complex and the role of PC-1 in insulin resistance

The major goals of this study are to define how PC-1 interacts with the insulin receptor and define the molecular mechanisms of PC-1 overexpression in insulin resistance.

Role: Principal Investigator

Dates: 07/01/06 – 06/30/08

PREVIOUS UNIVERSITY SERVICE ACCOMPLISHMENTS

Quality improvement initiative to enhance CFRD screening and treatment.

This quality improvement initiative involved the creation of a multi- and inter-disciplinary CFRD management team that includes pulmonologists, registered dietitians, nurses,

diabetes educators, and endocrinologists to: (1) improve CFRD screening in both pediatric and adult CF patients; (2) standardize glycemic monitoring of pediatric and adult CF patients during hospitalizations; (3) enhance the medical therapy of those with CFRD utilizing subcutaneous insulin and insulin pumps; (4) develop a set of care processes based on new CFRD care guidelines and best practices to improve the delivery of care and key outcomes; and (5) establish a CFRD database for patient monitoring and research protocols. During this one-year initiative, screening for CFRD increased 56% at the Vanderbilt Cystic Fibrosis Center, resulting in the identification of 64% more patients with CFRD. Moreover, the educational materials resulting from this initiative were presented at the Annual North American Cystic Fibrosis Conference.

Role: Principal Investigator

Dates: 08/30/10 – 11/02/11

Vanderbilt Educational Publications and Resources

1. Cystic Fibrosis Related Diabetes (CFRD) Clinical Care Playbook. This document outlines in detail the following measures for both pediatric and adult cystic fibrosis (CF) patients: (1) CFRD educational materials; (2) outpatient CFRD screening measures; (3) inpatient CFRD screening measures; (4) inpatient CFRD discharge instructions; (5) CFRD treatment goals; and (6) endocrinology referral processes.

INVITED PRESENTATIONS

International

- 2015 International Update on Gestational Diabetes Mellitus: Learnings from the WINGS project
Presentation: Obesity, body mass index, and gestational diabetes mellitus
Chennai, India

- 2017 Indo-U.S. Scientific Meeting: Converging Epidemics of Diabetes and Tuberculosis
Presentation: Indo-U.S. interests in the convergence of TB and diabetes
Rockville, Maryland
- 2020 7th International Conference on Nutrition and Growth
Presentation: Priorities related to research and growth at the NICHD
London, United Kingdom
- 2020 International Society for Research in Human Milk and Lactation (ISRHML)
Presentation: Breastmilk ecology: genesis of infant nutrition
Stockholm, Sweden
- 2020 Science and Technology in Childhood Obesity Policy (STOP) General Assembly Meeting
Presentation: Updates and future plans from the National Collaborative on Childhood Obesity Research (NCCOR) in the United States
London, United Kingdom

National

- 2010 Pediatric Academic Society / Society for Pediatric Research Meeting
Presentation: Sex steroids, insulin resistance, and the polycystic ovary syndrome
Vancouver, British Columbia, Canada
- 2010 American Academy of Pediatrics' National Conference and Exhibition
Presentation: The metabolic syndrome: what is it?
San Francisco, California
- 2010 Symposium on Recent Discoveries and Novel Mechanisms in Metabolic Regulation and Metabolic Disease
Presentation: A novel nonhuman primate model of diet-induced dyslipidemia and insulin resistance
San Diego, California
- 2011 Symposium on Recent Discoveries and Novel Mechanisms in Metabolic Regulation and Metabolic Disease
Presentation: Inflammation in a primate model of diet-induced insulin resistance and diabetes
Orlando, Florida
- 2012 Symposium on Recent Developments in Metabolic Disease
Presentation: Effects of fish oil supplementation on lipids and insulin resistance in a fructose-fed monkey model of metabolic syndrome
San Antonio, Texas

- 2012 National Institute of Diabetes and Digestive and Kidney Diseases
Clinical Research Strategies for Fructose Metabolism
Presentation: Very long-term effects of fructose on non-human primates
National Institutes of Health
Bethesda, Maryland
- 2012 North American Cystic Fibrosis Conference
Moderator: Challenges in diabetes control
Orlando, Florida
- 2013 American Diabetes Association's Scientific Sessions Meeting
Symposium: Moving towards a cure in type 1 diabetes
Presentation: Closed-loop therapy update
Chicago, Illinois
- 2017 15th Meeting of the Diabetes in Pregnancy Study Group of North America
Presentation: Obesity, fetal metabolic programming, and gestational diabetes
Washington, District of Columbia
- 2018 Diabetes Technology Society Meeting
Presentation: NIH initiatives in diabetes data science
Bethesda, Maryland
- 2019 Pediatric HIV/AIDS Cohort Study Leadership Retreat Meeting
Presentation: Fetal programming in the context of HIV/AIDS and obesity
Potomac, Maryland
- 2019 World Health Organization (WHO) and International Maternal Pediatric Adolescents AIDS Clinical Trials Network (IMPAACT) Meeting
Presentation: Approaches to optimize and accelerate pharmacokinetic studies in pregnant and lactating women
Washington, District of Columbia
- 2019 United States Breastfeeding Committee (USBC) Annual Meeting
Presentation: NIH and NICHD updates
Washington, District of Columbia
- 2019 The Origins and Benefits of Biologically Active Components in Human Milk Conference
Presentation: Roles of scientists in government and contributions to science and technology
West Palm Beach, Florida
- 2019 The Origins and Benefits of Biologically Active Components in Human Milk Conference
Presentation: An update on NICHD's interests in human milk composition and function
West Palm Beach, Florida

- 2019 The Obesity Society (TOS) Annual Meeting
TOS President's Symposium: Are the cards stacked against us? The intergenerational transmission of obesity
Presentation: Nutrition policies for the first 1,000 days – evidence supporting the upcoming USDA 2020 guidelines
Las Vegas, Nevada
- 2020 Human Milk Banking Association of North America (HMBANA) International Conference
Presentation: Breastmilk ecology: genesis of infant nutrition
Austin, Texas
- 2020 United States Breastfeeding Committee (USBC) Annual Meeting
Presentation: NIH and NICHD updates
Washington, District of Columbia
- 2020 World Health Organization (WHO) and International Maternal Pediatric Adolescents AIDS Clinical Trials Network (IMPAACT) Meeting
Presentation: Update on the US Task Force on Research Specific to Pregnant Women and Lactating Women (PRGLAC)
Washington, District of Columbia
- 2021 Precision Nutrition and Brain Health 2021 Symposium
Presentation: Update on nutrition research at NICHD and the NIH
Kannapolis, North Carolina

Regional

- 1999 New England Pharmacologist Meeting
Presentation: Direct identification of the agonist binding domain of the NK-1 receptor
Boston, Massachusetts
- 2000 G Protein-Coupled Receptor Symposium
Poster: Molecular characterization of the substance P/NK-1 receptor complex
Boston, Massachusetts
- 2006 Reproductive Endocrinology and Infertility Conference
Presentation: Managing the teenager with polycystic ovary syndrome
San Francisco, California
- 2008 First California Native Youth Diabetes Prevention & Treatment Conference
Presentation: Type 2 diabetes in youth
Sacramento, California

- 2013 Arkansas Obesity Symposium
Presentation: Eating ourselves out of the obesity epidemic
Presentation: Obesity and sugar metabolism: how sweet it is!
Little Rock, Arkansas
- 2018 AAAS Science & Technology Policy Global Health Diplomacy Forum
Presentation: Diabetes & global health: implications for health diplomacy
Washington, DC

Local

- 1998 Boston Area Neuroscience Group Meeting
Poster: Direct interaction of neurokinin A with the NK-1 receptor
Boston, Massachusetts
- 2006 Weight Assessment for Teen and Child Health Conference
Presentation: Polycystic ovary syndrome in the adolescent
Department of Pediatrics, University of California San Francisco
San Francisco, California
- 2008 Mentored Clinical Research Training Program Retreat
Presentation: The evaluation of PC-1 as a biomarker of insulin resistance
University of California, Davis
Sacramento, California
- 2008 Department of Pediatrics Annual Research Colloquium
Presentation: Membrane glycoprotein PC-1 and insulin resistance
University of California, Davis
Sacramento, California
- 2008 UC Davis Center for Nursing Education Pediatric Diabetes Update 2008
Presentation: Pediatric diabetes
University of California, Davis
Sacramento, California
- 2009 UC Davis Department of Pediatrics Grand Rounds
Presentation: Novel insights into the pathogenesis and treatment of
 insulin resistance
University of California, Davis
Sacramento, California
- 2009 Sutter West Pediatrics Grand Rounds
Presentation: Polycystic ovary disease
Sutter Medical Group, Northern California
Davis, California

- 2011 Morgan Pediatrics
Presentation: Pediatric growth hormone deficiency – identification,
diagnosis and management
Smyrna, Tennessee
- 2012 Vanderbilt University – Endocrine Grand Rounds
Presentation: The differential endocrine effects of carbohydrate
metabolism
Vanderbilt University
Nashville, Tennessee
- 2012 Tennessee Pediatrics
Presentation: Pediatric growth hormone deficiency – identification,
diagnosis and management
Hendersonville, Tennessee
- 2012 Bowling Green Medical Center Grand Rounds
Presentation: The differential endocrine effects of carbohydrate
metabolism
Bowling Green, Kentucky
- 2012 Cystic Fibrosis Education Day
Presentation: How does cystic fibrosis-related diabetes affect lung
disease and nutrition in cystic fibrosis
Vanderbilt University
Nashville, Tennessee
- 2012 Cystic Fibrosis Education Day
Presentation: Cystic fibrosis-related diabetes screening and diagnosis:
what the new guidelines mean for me or my child
Vanderbilt University
Nashville, Tennessee
- 2012 Pediatrics of Franklin
Presentation: Pediatric growth hormone deficiency – identification,
diagnosis and management
Franklin, Tennessee
- 2012 Green Hills Pediatrics
Presentation: Management of short stature in children born small for
gestational age
Nashville, Tennessee
- 2018 Vanderbilt University – Pediatric Grand Rounds
Presentation: Fetal metabolic imprinting in obesity and gestational
diabetes
Vanderbilt University
Nashville, Tennessee
