The Detect Covid-19 Test is a fast, easy, molecular test that helps diagnose a current Covid-19 infection.

Use the Detect app to follow the step-by-step video guide and to get your results.

For a complete list of compatible devices and to download the app.

This is a molecular test for the detection of nucleic acids of SARS-CoV-2, not for any other viruses or pathogens. Single use only.

Store at temperatures 59-86°F (15-30°C) in original sealed packaging.

### Test includes

1 × Reader

1 × Detect Cap™

1 × Test Tube

1 × Dropper

1 × Swab

Keep out of reach of children. Small parts are a choking hazard. Follow directions for use. Do not ingest. Avoid contact with skin and eyes.
