Training, Education and Outreach

Diane Ducharme

Consumer Safety Officer

Division of Produce Safety, Produce Safety Network

Center for Food Safety & Applied Nutrition, FDA
Outreach and Education

• Lessons learned
• Pathways of communication
• Raise awareness of proposed Ag Water Rule
Training: Working with Partners & Stakeholders

• Compliance Dates
• Trainings and updates
• Integrated and Collaborative
What will training look like

• Provide continuum of technical support

• We recognize that to fully realize the benefits of the proposed agricultural water assessments, farms must understand and translate the requirements to their operations.
  – Outreach, training, technical assistance, online tool
  – Working with partners
Resources

• Fact sheets available at FDA.gov:
  – *Agricultural water proposed rule*
  – *Expanded table on factors to consider as part of agricultural water assessment*

• Webpage: [FSMA Proposed rule on Agricultural Water](#)

• Agricultural water assessment builder (coming soon)
