**Availability Update for Nipent™ (pentostatin for injection) 10 mg Single Dose ONCO-TAIN™ Glass Fliptop Vial**

Dear Customer,

Pfizer Hospital is committed to providing timely supply information so that you can plan for patient care. As such, we want to notify you that we are anticipating a temporary period of limited supply and potential intermittent stockout for **Nipent™ (pentostatin for injection) 10 mg Single Dose ONCO-TAIN™ Glass Fliptop Vial**.

This situation is the result of a delay in supply from a third party of Active Pharmaceutical Ingredient (API) required to manufacture this product. The U.S. Food and Drug Administration (FDA) has been notified, and Pfizer has been coordinating closely with our API supplier, who has since resolved the root cause of the delay.

Based on the latest information, Pfizer anticipates deliveries of Nipent (pentostatin for injection) 10 mg to resume by July 2022, with full recovery—when we have sufficient inventory available to meet historical demand projections in addition to several weeks of safety stock in our distribution centers—by early Q3 2022.

This product remains available in the wholesale chain and we recommend that customers check with their local wholesalers regarding current inventory. To help ensure equitable distribution and limit the impact of potential temporary stockouts, we will be pausing direct shipments until further notice and have asked wholesalers to allocate inventory based on 100 percent of historical purchasing patterns.

NDC	Product Description	Product Status as of 01/26/2022	Next Delivery	Estimated Recovery
00409-0801-01	Nipent™ (pentostatin for injection) 10 mg Single Dose ONCO-TAIN™ Glass Fliptop Vial	Limited Supply	Jul-22	Q3 2022

Please note that product status and next delivery dates may change. We encourage you to check our Pfizer Hospital [Availability Report](#), updated daily and accessible on the [PfizerHospitalUS.com](https://PfizerHospitalUS.com) homepage, for the latest information.

For product availability questions, please reach out to your Pfizer Hospital sales representative or account executive. Alternatively, the Supply Continuity Team can be contacted between 7 a.m. and 6 p.m. (CT) at 1-844-646-4398 (select option 1 [Customer], then option 3 [Supply Continuity Team]). For medical inquiries, please contact Pfizer Medical Information at 1-800-438-1985.

Thank you,

**Matt Kreiter**
