**Availability Update for Sodium Bicarbonate Injection, USP 50 mEq/50 mL (1 mEq/mL)
Single Dose Glass Fliptop Vial (8.4% concentration)**

Dear Customer,

In keeping with Pfizer's commitment to provide timely supply updates so customers can plan for patient care, we are pleased to share that Sodium Bicarbonate Injection, USP 50 mEq/50 mL (1 mEq/mL) Single Dose Glass Fliptop Vial (8.4% concentration) (00409-6625-14) has recovered.

In January 2022, Pfizer Hospital placed Sodium Bicarbonate Injection, USP 50 mEq/50 mL (1 mEq/mL) Single Dose Glass Fliptop Vial (8.4% concentration) (00409-6625-14) on allocation due to an increase in demand arising from market shortages and capacity constraints. The purpose of this letter is to make you aware that supply has improved, allocation restrictions have been removed and you should now see product stocked to historical levels at your wholesaler or distributor. Please note locational inventories may vary.

Please recognize that our availability status and delivery estimates may change, so we encourage you to check our [Availability Report](#), updated daily and accessible on the PfizerHospitalUS.com homepage, for the latest information on product status.

For product availability questions, please reach out to your Pfizer Hospital sales representative or account executive. Alternatively, the Supply Continuity Team can be contacted between 7 a.m. and 6 p.m. (CT) at 1-844-646-4398 (select option 1 [Customer], then option 3 [Supply Continuity Team]).

Thank you,

Daniel Hrlic
