Introduction
The Food and Drug Administration (FDA) is the regulatory, scientific, public health and consumer protection agency responsible for ensuring all human and animal drugs, medical devices, cosmetics, foods, food additives, drugs and medicated feeds for food producing animals, tobacco and radiation emitting devices are safe, and effective.

The mission of the Center for Drug Evaluation and Research (CDER) is to perform an essential public health task by making sure that safe and effective drugs are available to improve the health of people in the United States. CDER regulates over the counter and prescription drugs, including biological therapeutics and generic drugs.
The Office of New Drugs’s (OND) public health mission is to protect and enhance the health of the public through the review and evaluation of scientific data submitted by pharmaceutical manufacturers in support of both investigational new drug application and new drug applications, and to determine if candidate drugs are safe and effective.

Duties/Responsibilities

As a **Project Coordinator** the incumbent directly supports the development and review of regulation of medical products. The incumbent will assist the regulatory manager or an assigned group of drug/biologic products or office level programs with activities that include coordination of applications from the investigational stage through marketing application review, and post-marketing safety oversight. The incumbent will work with an interdisciplinary team to facilitate the day-to-day management of all application reviews or office level programs. This position can be performed throughout the OND Offices, Divisions, Branches, and Staffs located in the Office of Regulatory Operations.

Supervisory Responsibilities: None

Conditions of Employment

- U.S. Citizenship requirement or proof of being a U.S. National must be met by closing date.
- Employment is subject to the successful completion of a background investigation, verification of qualifications, completion of onboarding forms, submission of required documents, and any other job-related requirement before or after appointment.
- Applicants must meet all qualification requirements by the closing date of this announcement.
- Direct Deposit: You will be required to have all federal salary payments electronically deposited into a bank account with a financial institution of your choice.
- FDA participates in e-Verify: All new hires must complete the I-9 form; this information will be processed through e-Verify to determine your employment eligibility. If a discrepancy arises, you must take affirmative steps to resolve the matter.
- Males born after December 31, 1959 must be registered with the Selective Service.
- One-year probationary period may be required.
- Financial Disclosure may be required.
- Ethics Clearance may be required.
- Background Investigation/Security Clearance is required. All employees must pass a security investigation. Failing to pass the background check may be grounds for removal or legal action. If hired, you may be subject to additional investigations at a later time.

Qualifications

To be placed into a Cures position, candidates must meet the following criteria:

1. Scientific, Technical, and Professional Fields
2. Qualified and Outstanding Candidates
a. **Qualified** applies to all candidates for Cures appointments. The FDA OTS will use the basic requirements defined in the [OPM Qualification Standards](https://www.opm.gov) as a baseline for comparing experience levels and other candidate attributes for relevant positions.

b. **Outstanding** candidates can be defined by existing outstanding work experience, outstanding performance rating, or both.

To qualify for this Title 21 Cures position, the candidate(s) must meet the following **required** qualifications. *Please note: Additional education and experience listed that is not indicated as required is preferable and desired. Candidates who do not meet the “desired” criteria will not be excluded from consideration for this position.*

**Education Requirement:**
*Project Coordinator Series, 0601*

**Education Transcripts**

**SUBMITTING YOUR TRANSCRIPTS:** Positions which are scientific or technical in nature often have very specific educational requirements. A transcript is required to verify educational achievement. Pay careful attention to the Qualifications and Education sections to identify vacancies where a transcript is required. Even if you hold a similar position or are a current FDA employee, you are not exempt from transcript requirements.

**FOREIGN EDUCATION:** If you are using education completed in foreign colleges or universities to meet the qualification requirements, you must show that the education credentials have been evaluated by a private organization that specializes in interpretation of foreign education programs and such education has been deemed equivalent to that gained in an accredited U.S. education program; or full credit has been given for the courses at a U.S. accredited college or university. For more information about this requirement, please visit the [U.S. Department of Education website for Foreign Education Evaluation](https://www.ed.gov).

**Security Clearance Requirements**

**Background Investigation/Security Clearance Requirements:**
*Non-Sensitive, Moderate Risk*

If not previously completed, a background security investigation will be required for all appointees. Appointment will be subject to the applicant’s successful completion of a background security investigation and favorable adjudication. Failure to successfully meet these requirements may be grounds for appropriate personnel action. In addition, if hired, a background security investigation or supplemental investigation may be required later.

Applicants are also advised that all information concerning qualification is subject to investigation. False representation may be grounds for non-selection and/or appropriate disciplinary action.
Vaccination Requirements
To ensure compliance with an applicable preliminary nationwide injunction, which may be
supplemented, modified, or vacated, depending on the course of ongoing litigation, the Federal
Government will take no action to implement or enforce the COVID-19 vaccination requirement
pursuant to Executive Order 14043 on Requiring Coronavirus Disease 2019 Vaccination for
Federal Employees. Therefore, to the extent a Federal job announcement includes the
requirement that applicants must be fully vaccinated against COVID-19 pursuant to Executive
Order 14043, that requirement does not currently apply. Federal agencies may request
information regarding the vaccination status of selected applicants for the purposes of
implementing other workplace safety protocols, such as protocols related to masking, physical
distancing, testing, travel, and quarantine.

Ethics Clearance Requirements
This position may require financial disclosure reporting and will be subject to FDA’s prohibited
financial interest regulation. If you are hired, you may be required to divest of certain financial
interests. You are advised to seek additional information on this requirement from the hiring
official before accepting any job offers. For more information please visit the FDA Ethics web

Equal Employment Opportunity
Equal Employment Opportunity Policy
The United States Government does not discriminate in employment on the basis of race, color,
religion, sex (including pregnancy and gender identity), national origin, political affiliation,
sexual orientation, marital status, disability, genetic information, age, membership in an
employee organization, retaliation, parental status, military service, or other non-merit factor.
Equal Employment Opportunity (EEO) for federal employees & job applicants

Reasonable Accommodation
Reasonable Accommodation Policy
Federal agencies must provide reasonable accommodation to applicants with disabilities where
appropriate. Applicants requiring reasonable accommodation for any part of the application
process should follow the instructions in the job opportunity announcement. For any part of
the remaining hiring process, applicants should contact the hiring agency directly.
Determinations on requests for reasonable accommodation will be made on a case-by-case
basis. A reasonable accommodation is any change to a job, the work environment, or the way
things are usually done that enables an individual with a disability to apply for a job, perform
job duties or receive equal access to job benefits. Under the Rehabilitation Act of 1973, federal
agencies must provide reasonable accommodations when: An applicant with a disability needs
an accommodation to have an equal opportunity to apply for a job. An employee with a
disability needs an accommodation to perform the essential job duties or to gain access to the
workplace. An employee with a disability needs an accommodation to receive equal access to
benefits, such as details, training, and office-sponsored events. You can request a reasonable
accommodation at any time during the application or hiring process or while on the job.
Requests are considered on a case-by-case basis. Learn more about disability employment and reasonable accommodations or how to contact an agency.

E-Verify
The Food and Drug Administration participates in the USCIS Electronic Employment Eligibility Verification Program (E-Verify). E-Verify helps employers determine employment eligibility of new hires and the validity of their Social Security numbers.
