Activity Outline
FDA Drug Topics: Development and U.S. Regulation of Preventive Vaccines
September 27, 2022
FDA

Description
This webinar will provide an overview of the development and federal regulations for vaccines in the United States. We will discuss key statutes that grants the Food and Drug Administration authority to regulate vaccines, precipitating historical events, and current regulatory requirements for vaccine licensure and marketing approval. The basic vaccine development process and key regulatory milestones will also be covered.

References
- Shapiro, Stuart Z. The HIV/AIDS vaccine researchers’ orientation to the process of preparing a US FDA application for an investigational new drug (IND): what it is all about and how you start by preparing for your pre-IND meeting. Vaccine 20:1261-1280, 2002.

Learning Objectives
- Identify the legislative Acts leading to and authorizing FDA to regulate preventive vaccines and discuss the historical context of each.
- List basic regulatory requirements and types of data needed to support vaccine licensure and marketing approval.
- Outline the usual vaccine development process from conception to marketing and explain key regulatory milestones during the process.

Target Audience
This activity is intended for physicians, pharmacists, pharmacy technicians, nurses, Certified Public Health Professionals (CPH), and physician assistants.

Continuing Education Accreditation

In support of improving patient care, FDA Center for Drug Evaluation and Research is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 1 Interprofessional Continuing Education (IPCE) credit(s) for learning and change.
CME

FDA Center for Drug Evaluation and Research designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CPE

This knowledge-based activity has been assigned ACPE Universal Activity Number JA0002895-0000-22-073-L03-P, and ACPE Universal Activity Number JA0002895-0000-22-073-L03-T for 1.00 contact hour(s).

CNE

FDA Center for Drug Evaluation and Research designates this activity for 1.00 contact hour(s).

AAPA

This activity is designated for 1.00 AAPA Category 1 CME credits. FDA Center for Drug Evaluation and Research has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. PAs should only claim credit commensurate with the extent of their participation.

CPH

Up to 1.00 CPH Recertification Credits may be earned at this event.

Requirements for Receiving CE Credit

Physicians, physician assistants, pharmacists, nurses, pharmacist techs, and those claiming non-physician CME: participants must attest to their attendance and complete the final activity evaluation via the CE Portal (ceportal.fda.gov). For multi-day activities, participants must attest to their attendance and complete the faculty evaluation each day. Final activity evaluations must be completed within two weeks after the activity - no exceptions.

Attention Pharmacists and Pharmacy Techs: Failure to provide your correct NABP AND Date of Birth information, in the required format, may result in the loss of credit for this activity. NABP profile number should be the 6-7 digit profile number assigned by the CPE Monitor and your birth date should be in the MMDD format (e.g. 0721) Do not provide your pharmacy license number. Please click the “My Account” tab and then navigate to “Edit Contact Information” to verify that your information is correct.

Important Note regarding completion of evaluations and receiving credit

Attendees have 14 days from the last day of the activity to log in, complete the required evaluation(s) and attest to your attendance to claim credit. Physicians, physician assistants, and nurses may then view/print statement of credit. Pharmacists should log into the CPE monitor 8 weeks after the last session of the activity to obtain their CE credit.

Disclosure

Faculty

- Valliiancourt, Julienne, MPH, R. Ph, Rare Disease Liaison/Policy Advisor, FDA/CBER/CD - nothing to disclose

Planning Committee

- Bu
- Ce
- DeFronzo, Kimberly, R. Ph, RPh, MS, MBA, Consumer Safety Officer, FDA/CBER/OCOMM/DDI - nothing to disclose
