Additional information on 21st Century Cures Act can be found here: 21st Century Cures Act Information

Introduction
The Food and Drug Administration (FDA) is the regulatory, scientific, public health and consumer protection agency responsible for ensuring all human and animal drugs, medical devices, cosmetics, foods, food additives, drugs and medicated feeds for food producing animals, tobacco and radiation emitting devices safe, and effective.

The Center for Drug Evaluation and Research (CDER) is responsible for regulating prescription drugs, including new drugs, generic drugs, biological products and biosimilars as well as over-the-counter drugs (OTC). CDER’s drug regulatory responsibilities include premarket review of new drugs and generic drugs; maintenance of the OTC drug monograph system; monitoring of
all marketed drug safety and promotional activities; review, monitoring and enforcement of drug quality during the entire drug life cycle; and ensuring drug products in the market comply with the law.

The mission of the Office of Compliance (OC) is to shield patients from poor quality, unsafe and ineffective drugs through proactive compliance strategies and risk-based enforcement actions. CDER OC strives to be a model of efficiency, innovation, and operational excellence. Guided by law and science, the Office makes strategic and risk-based decisions, communicates clearly with all stakeholders, fosters global collaboration, promotes voluntary compliance, and takes decisive action.

The function of the Office of Manufacturing Quality (OMQ) is to develop and implement compliance and enforcement policies and actions to protect patients from firms whose quality standards and practices may pose a significant risk to public health.

Duties/Responsibilities
As a **Consumer Safety Officer**, the incumbent reviews recommendations for potential administrative and judicial actions based on adulteration charges under the Food Drug & Cosmetic (FD&C) Act to ensure consistency and adherence to FDA policy. Provides enforcement decision and compliance strategies based on review of evidence of violations, compliance policy, public health risks, and availability.

Provides scientific and technical input on compliance issues and in regulatory meetings to ensure consistency of interpretation of Current Good Manufacturing Practices (CGMPs); provides expertise to address significant manufacturing problems or quality defects and collaborates with other regulatory partners to develop and execute compliance programs and actions related to manufacturing quality of medical products.

Provides technical expertise in CGMPs compliance and/or regulatory issues related to manufacturing of medical products. Reviews recommendations for potential administrative and judicial actions based on adulteration charges under the FD&C Act to ensure consistency and adherence to FDA policy, provide enforcement decision and compliance strategies based on review of evidence of violations, compliance policy, public health risks, and availability.

Evaluates, identifies, and addresses significant problems and issues in areas where nominal policy guidance exists, and requires prompt remediation. Writes technical reports based on inspectional findings of medical products and makes recommendations for further action.

Provides an accurate assessment of the state of compliance of a firm or corporation on regulatory compliance and enforcement and confers with and advises the FDA Office of the Commissioner, CDER Center and other Office Directors on potential issues and impacts associated with drug manufacturing and medical product consistency.
Supervisory Responsibilities: N/A

Conditions of Employment

- U.S. Citizenship requirement or proof of being a U.S. National must be met by closing date.
- Employment is subject to the successful completion of a background investigation, verification of qualifications, completion of onboarding forms, submission of required documents, and any other job-related requirement before or after appointment.
- Applicants must meet all qualification requirements by the closing date of this announcement.
- Direct Deposit: You will be required to have all federal salary payments electronically deposited into a bank account with a financial institution of your choice.
- FDA participates in e-Verify: All new hires must complete the I-9 form; this information will be processed through e-Verify to determine your employment eligibility. If a discrepancy arises, you must take affirmative steps to resolve the matter.
- Males born after December 31, 1959 must be registered with the Selective Service.
- One-year probationary period may be required.
- Financial Disclosure may be required.
- Ethics Clearance may be required.
- Background Investigation/Security Clearance is required. All employees must pass a security investigation. Failing to pass the background check may be grounds for removal or legal action. If hired, you may be subject to additional investigations at a later time.

Qualifications

To be placed into a Cures position, candidates must meet the following criteria:

1. Scientific, Technical, and Professional Fields
2. Qualified and Outstanding Candidates
   a. **Qualified** applies to all candidates for Cures appointments. The FDA OTS will use the basic requirements defined in the OPM Qualification Standards as a baseline for comparing experience levels and other candidate attributes for relevant positions.
   b. **Outstanding** candidates can be defined by existing outstanding work experience, outstanding performance rating, or both.

To qualify for this Title 21 Cures position, the candidate(s) must meet the following **required** qualifications. **Please note:** Additional education and experience listed that is not indicated as required is preferable and desired. Candidates who do not meet the “desired” criteria will **not be excluded from consideration for this position.**

**Education Requirement:**

**Consumer Safety Officer – AD-0696 Series**

Degree: Bachelor’s or graduate/higher level degree in quality assurance or a related degree
that included at least 30 semester hours in one or a combination of the following: consumer laws, biological sciences, food science, chemistry, pharmacy, physical sciences, food technology, nutrition, medical science, engineering, epidemiology, veterinary medical science, legal investigations, law enforcement, or related scientific fields that provided knowledge directly related to consumer safety officer work. The 30 semester hours may include up to 8 semester hours in statistics, or course work that included the principles, theory, or practical application of computers or computer programming.

OR

Combination of education and experience--courses consisting of at least 30 semester hours in the fields of study, plus appropriate experience, or additional education. The education must have been obtained at a college, university, or an accrediting body recognized by the Secretary, U.S. Department of Education at the time the degree was obtained.

Meets the Office of Personnel Management (OPM) Individual Occupational Requirements (IOR) for Consumer Safety Series, 0696.

Desired Education: N/A

**Professional Experience:**

*Our ideal candidate will possess:

- Experience in applying the Food, Drug and Cosmetic (FD&C) Act to drug compliance/enforcement activities, and related regulatory and quality assurance activities.
- Experience in evaluating and making recommendations with respect to compliance with regulations and other applicable requirements and policies related to CGMPs of medical products
- Ability to serve as a technical scientific lead in one or more major areas related to drug manufacturing quality and perform substantive work with a multiplicity of unprecedented and complex scientific topics, including, but not limited to: human drugs, adulteration provision of the FD&C Act, emerging technologies, new regulations, and scientific policies.
- Experience in communicating scientific/technical information to others regarding regulatory compliance issues.
- Demonstrated skill in interpreting legal or regulatory guidelines and agency policies to advise on program operations.
- Demonstrated skill in providing guidance and consultation to enforce regulatory objectives.

*Please indicate in your resume where you have this gained this experience.*
Education Transcripts

SUBMITTING YOUR TRANSCRIPTS: Positions which are scientific or technical in nature often have very specific educational requirements. A transcript is required to verify educational achievement. Pay careful attention to the Qualifications and Education sections to identify vacancies where a transcript is required. Even if you hold a similar position or are a current FDA employee, you are not exempt from transcript requirements.

FOREIGN EDUCATION: If you are using education completed in foreign colleges or universities to meet the qualification requirements, you must show that the education credentials have been evaluated by a private organization that specializes in interpretation of foreign education programs and such education has been deemed equivalent to that gained in an accredited U.S. education program; or full credit has been given for the courses at a U.S. accredited college or university. For more information about this requirement, please visit the U.S. Department of Education website for Foreign Education Evaluation.

Security Clearance Requirements

Background Investigation/Security Clearance Requirements: Non-Critical Sensitive – Moderate Risk

If not previously completed, a background security investigation will be required for all appointees. Appointment will be subject to the applicant’s successful completion of a background security investigation and favorable adjudication. Failure to successfully meet these requirements may be grounds for appropriate personnel action. In addition, if hired, a background security investigation or supplemental investigation may be required later.

Applicants are also advised that all information concerning qualification is subject to investigation. False representation may be grounds for non-selection and/or appropriate disciplinary action.

Vaccination Requirements

To ensure compliance with an applicable preliminary nationwide injunction, which may be supplemented, modified, or vacated, depending on the course of ongoing litigation, the Federal Government will take no action to implement or enforce the COVID-19 vaccination requirement pursuant to Executive Order 14043 on Requiring Coronavirus Disease 2019 Vaccination for Federal Employees. Therefore, to the extent a federal job announcement includes the requirement that applicants must be fully vaccinated against COVID-19 pursuant to Executive Order 14043, that requirement does not currently apply. Federal agencies may request information regarding the vaccination status of selected applicants for the purposes of implementing other workplace safety protocols, such as protocols related to masking, physical distancing, testing, travel, and quarantine.

Ethics Clearance Requirements

This position may require financial disclosure reporting and will be subject to FDA's prohibited
financial interest regulation. If you are hired, you may be required to divest of certain financial interests. You are advised to seek additional information on this requirement from the hiring official before accepting any job offers. For more information, please visit the FDA Ethics web page: [https://www.fda.gov/about-fda/jobs-and-training-fda/ethics](https://www.fda.gov/about-fda/jobs-and-training-fda/ethics).

**Equal Employment Opportunity**

**Equal Employment Opportunity Policy**
The United States Government does not discriminate in employment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, political affiliation, sexual orientation, marital status, disability, genetic information, age, membership in an employee organization, retaliation, parental status, military service, or other non-merit factor. [Equal Employment Opportunity (EEO) for federal employees & job applicants](https://www.eeoc.gov/eeoc/abouteeo/eeomission/eeopolicy.htm)

**Reasonable Accommodation**

**Reasonable Accommodation Policy**
Federal agencies must provide reasonable accommodation to applicants with disabilities where appropriate. Applicants requiring reasonable accommodation for any part of the application process should follow the instructions in the job opportunity announcement. For any part of the remaining hiring process, applicants should contact the hiring agency directly. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. A reasonable accommodation is any change to a job, the work environment, or the way things are usually done that enables an individual with a disability to apply for a job, perform job duties or receive equal access to job benefits.

Under the Rehabilitation Act of 1973, federal agencies must provide reasonable accommodations when: An applicant with a disability needs an accommodation to have an equal opportunity to apply for a job. An employee with a disability needs an accommodation to perform the essential job duties or to gain access to the workplace. An employee with a disability needs an accommodation to receive equal access to benefits, such as details, training, and office-sponsored events. You can request a reasonable accommodation at any time during the application or hiring process or while on the job. Requests are considered on a case-by-case basis. Learn more about [disability employment and reasonable accommodations](https://www.eeoc.gov/eeoc/abouteeo/eeomission/reea.htm) or [how to contact an agency](https://www.eeoc.gov/eeoc/abouteeo/eeomission/contact.htm).

**E-Verify**
The Food and Drug Administration participates in the USCIS Electronic Employment Eligibility Verification Program (E-Verify). E-Verify helps employers determine employment eligibility of new hires and the validity of their Social Security numbers.

**How to Apply**
How to apply: All qualified candidates should submit a curriculum vitae and cover letter describing why you are uniquely qualified for this position, including how you possess the desired experience and qualifications identified above. Submit resume or curriculum vitae with
cover letter by September 19, 2022, CDER-OC-OMQ-RECRUITMENT@FDA.HHS.GOV. Candidate resumes may be shared with hiring official within the Center for Drug Evaluation and Research with a similar job vacancy. Candidates can opt out of this process by annotating resume with “do not share”. For questions, please contact CDER OC PMAS at CDER-OC-OMQ-RECRUITMENT@FDA.HHS.GOV.
