

# Center of Excellence Safety Reporting Portal (SRP) Registration and Adverse Event Reporting Process for 503B Registered Outsourcing Facilities

Presented by CDR Quocbao Pham  
September 6, 2022

# Objectives

- Recognize the two options for submitting adverse event reports to the FDA
- Be familiar with the registration process for SRP
- Know how to log in to SRP account and submit a report
- Know how to submit an attachment to a report
- Know how to contact the FDA if there are any questions regarding reporting or registration

# Overview

**Questions and Answers on FDA's Adverse Event Reporting System (FAERS)**

FDA Adverse Event Reporting System (FAERS) Latest Quarterly

**Updates for Electronic Submission of Individual Case Safety Reports (ICSRs) to FAERS**

FDA recently updated the following guidances for industry to incorporate technical updates: [E2B \(R3\) Electronic Transmission of Individual Case Safety Reports Implementation Guide – Data Elements and Message Specification](#) and [Appendix to the Implementation Guide – Backwards and Forwards Compatibility](#).

Content current as of:  
08/16/2022

**Regulated Product(s)**  
Drugs

# Overview

- Two options for submitting Individual Case Safety Reports (ICSRs) electronically:
  - Option A: Database-to-Database Transmission via Electronic Submissions Gateway (ESG)
  - Option B: The **Safety Reporting Portal (SRP)** by manually entering the data via our SRP portal

# Technical Requirements to Submit via Database-to-Database Transmission

- Individual Case Safety Reports (ICSRs) must be in Extensible Markup Language (XML) format
- Attachments must be in PDF format
- XML files and Attachments must adhere to the [“Specifications for Preparing and Submitting Electronic ICSRs and ICSR Attachments”](#) document and be submitted to the FDA via the Electronic Submission Gateway (ESG)
- Additional instructions on how to prepare and submit ICSRs in XML format can be found in [“Steps to Submitting ICSRs Electronically in the XML Format”](#) document.

# Safety Reporting Portal (SRP)

- For use by OFs that do not have database-to-database capability
  - Companies that submit ICSRs electronically via the ESG cannot use the SRP
- Must have an account to access and use SRP
- Steps for getting SRP account
  - Contact [FAERSESUB@fda.hhs.gov](mailto:FAERSESUB@fda.hhs.gov) to advise FDA of intent to begin submitting via the SRP
  - Complete registration form
  - Allow 7 to 10 business days for account request review and activation
  - FDA will email a notification with the subject line “SRP Account Activation” that will include the web link to the SRP portal along with account information

# Tips for Registration Form

- Detailed instructions are sent with the registration form
- Required Fields are designated with an “\*”
  - Encouraged to fill out forms completely as possible
- Select “Yes” to indicate that the organization is a 503B outsourcing facility under “Type of Registration”
- Drug Authorization Number for compounded products is “COMP99”
- Email [FAERSESUB@fda.hhs.gov](mailto:FAERSESUB@fda.hhs.gov) if there are any questions

# Submitting ICSRs in SRP

## The Safety Reporting Portal

The Safety Reporting Portal (SRP) streamlines the process of reporting product safety issues to the Food & Drug Administration (FDA).

Whatever your role (manufacturer, health care professional, researcher, public health official, or concerned citizen), when you submit a safety report through this Portal, you make a vital contribution to the safety of America's food supply, medicines, and other products that touch us all.

Parts of this website have been translated from English to Spanish. Pages that have been translated have an "En Espanol" link in the upper right part of the page. Click this link to see the page in Spanish (Espanol). Click "In English" to see the page in English. In the case of any discrepancy in meaning, the English version is considered official. Currently, report questions are only in English and reports should only be submitted in English. Thank you for using the FDA Safety Reporting Portal.

## Begin Reporting Here

### 1. Login

### 2. Report As Guest

Not ready to create an account but would like to submit a report?

You can do that here.

Report as Guest

### Account Benefits

- Save a draft
- Easier follow up
- View submissions
- Faster data entry

Create Account

# Submitting ICSRs in SRP

- Easy to follow questionnaire
  - Manual Entry of Adverse Event Report Data
  - “\*” Required Fields
- Edit checks
  - Ensure data quality
    - i.e. Age without unit
  - Conformance to E2b standards
- Email [FAERSESUB@fda.hhs.gov](mailto:FAERSESUB@fda.hhs.gov) if there are any questions

# Considerations for 503B Entities

## Primary Suspect Product Information

\*Product name 

Please select 

**\*Required**

Drug authorization number (Enter COMP99 for compounding product)

Name of holder/applicant

Combination product (e.g, Drug-Device)?

☐ Yes

☐ No

- Primary Suspect Product is the product that is compounded by the 503B Entity
- “COMP99” is the Authorization Number for a compounded product

# Submitting ICSR Attachments

- Supporting information for ICSRs, e.g.:
  - Current labeling for the compounded drug product
  - Hospital discharge summaries, autopsy reports/death certificates, relevant laboratory data and other critical data
- SRP portal features allows for browsing, selecting, and attaching documents to an ICSR
  - Follow instructions in SRP to submit attachments

# Submitting ICSR Attachments

- May upload 5 attachments (10MB each) per submission
- Only unprotected PDF files are accepted

## Attachments

\*=Required Field

You may upload up to 5 file attachments (10 MB each) per submission. **Only unprotected pdf files may be submitted.**

Please note that as part of the submission process the SRP system will update the properties of the pdf files to include data that allows the attachment to be linked to the report.
