

FDA'S VAPING PREVENTION AND EDUCATION RESOURCE CENTER

The **FREE** and easy way for educators and
parents to get teen-focused resources

**ON VAPING AND
NICOTINE ADDICTION**

Find science-based, standards-mapped resources for teachers and parents
to promote learning and conversations about youth vaping and tobacco use.

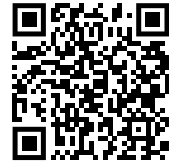

THE FDA'S TOBACCO EDUCATION RESOURCE CENTER FEATURES MATERIALS CREATED FOR TEACHERS, PARENTS, AND STUDENTS

- **Teachers** will find lesson plans, interactive tools, infographics, and videos with tobacco facts and tips on how to teach teens about the dangers of e-cigarette use.
- **Parents** will find fact sheets, videos and resources to help recognize vapes and e-cigarettes, talk with their children, and continue the conversation about the harms of vaping.
- **Students** will find real-life stories and relatable content to help them understand the harms of vaping, nicotine addiction, common myths about e-cigarettes, and how to say no to vaping.
