

Notice of Intent to Sole Source

Notice Number: 75F40123Q00309
Requirement Title: Illumina iSeq 100 Sequencing System
Posting Date: 07/31/2023
Closing (Response) Date: 08/07/2023 at 10:00 a.m. Eastern Time (ET)

The U.S. Food & Drug Administration (FDA) intends to issue a sole-source commercial product purchase order to Illumina, Inc. located at 5200 Illumina Way, San Diego, CA 92122-4616.

An award is anticipated to be made using Simplified Acquisition Procedures and under the authority of Federal Acquisition Regulation (FAR) Part 13.106-1(b)(1)(i) wherein the circumstances of the proposed contract action deem only one source reasonably available.

The anticipated purchase order is to procure an Illumina iSeq 100 benchtop next-generation sequencing system. The iSeq 100 system provides fast, cost-effective small-scale runs. It is used for quality control and rebalancing of samples in the pool. The iSeq 100 system is compatible with the full suite of Illumina library preparation kits and offers an onboard data analysis option.

This notice is not a request for competitive quotations. However, any party that believes it can meet this requirement as stated herein may submit a written capability statement that clearly supports and demonstrates their ability to perform the requirement.

Capability statements must be received by the response date and time of this notice. Submissions will be reviewed to determine if they can meet the requirement. A determination by the Government to compete this proposed award based upon responses to this notice is solely within the discretion of the Government.

It is anticipated that an award will be issued to Illumina, Inc. within approximately five (5) days after the response date of this notice unless the Government determines that any other organization has the capability to meet this requirement.

Response Date: 08/07/2023 at 10:00 a.m. ET. Please email responses to Contract Specialist Benjamin Dorgan at benjamin.dorgan@fda.hhs.gov. No phone calls will be accepted.
