Re: Information Provided Pursuant to Voluntary Commitment Letter

Dear Dr. Koh-Fallet:

I am writing on behalf of AGC Chemicals Americas, Inc. (“AGCCA”) to provide information regarding the company’s sales to customers in the United States of products covered under Food Contact Notifications (FCN) Nos. 599, 604, 1186, and 1676 (the “subject products”). This information is being provided voluntarily, pursuant to AGCCA’s letter to Dennis Keefe dated July 17, 2020.

For calendar year 2023, AGCCA’s sales of the subject products to customers in the United States for use in food contact applications totaled approximately (b) (4), and sales in Q4 (b) (4). AGCCA has ceased sales of these products to customers in the United States for use in food contact applications.

Please let me know if you have any questions regarding this submission. I can be reached by phone at 202-624-2755, or by email at: wlehrenbaum@crowell.com. Also, please note that this submission contains confidential business information (“CBI”) that should be protected against public disclosure.

Sincerely

(b) (6)

Warren U. Lehrenbaum
Attorney for AGC Chemicals Americas, Inc.
