Dear Dr. Honigfort:

The purpose of this letter is to confirm that Archroma U.S., Inc. (“Company”), as of 2015, has not manufactured in the United States any products authorized by Food Contact Notification (FCN) No.1097 and has since that date not introduced into interstate commerce or delivered for introduction into interstate commerce the food-contact substance (FCS) described in FCN 1097 for any use in food-contact applications that are subject to the jurisdiction of the U.S. Food and Drug Administration. The Company further confirms that it does not intend to manufacture in the United States or introduce into interstate commerce or deliver for introduction into interstate commerce any products containing the FCS authorized by the above-listed FCN for use in food-contact applications in the United States now or in the future.

The undersigned is authorized to make these representations on behalf of the Company.

Yours sincerely,

Archroma U.S., Inc.
