**Requirement and Background**

The U.S. Food and Drug Administration (FDA), National Center for Toxicological Research (NCTR), Division of Systems Biology (DSB) requires a preventive maintenance and repair service agreement (Crosslab Silver, or equal) for its xCELLigence RTCA ePacer instrument manufactured by ACEA Biosciences. The system consists of an RTCA ePacer analyzer, S/N: 68-1-2008-1016-3 and xCELLigence ePacer bundle, S/N: 67-1-2009-1017-4.

Drug-induced cardiotoxicity is the leading cause of late state drug attrition and drug withdrawal. Because many of the cardiotoxicities are often discovered in late-stage clinical trials or even years after drug approval, there is an urgent need to develop translational and sensitive preclinical methods to

assess potential drug-induced cardiotoxicities early in drug development and well before human clinical trials are initiated. Human-induced pluripotent stem cell cardiomyocytes (hiPSC-CMs) are gaining recognition for in vitro cardiac toxicity screening of new drug candidates and have been used to support investigational new drug applications and to reveal mechanisms of drug actions. The DSB has an ongoing project that is supported by CDER and NCTR in using patient-specific iPSC-CMs to predict anticancer drug-induced cardiotoxicity. DSB is in the process of screening drug-induced cardiotoxicity in over 50 lines of iPSC-CMs with doxorubicin and 12 tyrosine kinase inhibitors. The high-throughput assay platform of the ePacer greatly speeds up the progress of the project. This device is already in use at NCTR and is currently under a service agreement through 08/31/2024 so a new service agreement is needed to pick up on 09/01/2024 to ensure reliable instrument performance and optimal workflow efficiency.

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): <https://www.acquisition.gov/browse/index/far> and <https://www.hhs.gov/grants/contracts/contract-policies-regulations/hhsar/index.html>

**FAR Provisions**

52.204-7 System for Award Management (Oct 2018)

52.204-16 Commercial and Government Entity Code Reporting (Aug 2020)

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Nov 2021) (fill-in appropriate boxes below):

(d) *Representation. The Offeror represents that—*

(1) It  will,  will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) *After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—*

It  does,  does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

**HHSAR Provisions**

352.239-78 Information and Communication Technology Accessibility Notice (Feb 2024)(Deviation)

(a) Any offeror responding to this solicitation must comply with established HHS Information and Communication Technology (ICT) accessibility standards. Information about Section 508 is available at <https://www.hhs.gov/web/section-508/index.html>.

(b) The Section 508 accessibility standards applicable to this solicitation are stated in the clause at 352.239-79 Information and Communication Technology Accessibility. In order to facilitate the Government's determination whether proposed ICT supplies, products, platforms, information, and documentation meet applicable Section 508 accessibility standards, offerors must submit an appropriate HHS Section 508 Accessibility Conformance Checklist (see <https://www.hhs.gov/web/section-508/accessibilitychecklists/index.html>) or an Accessibility Conformance Report (ACR) (based on the Voluntary Product Accessibility Template (VPAT) see <https://www.itic.org/policy/accessibility/vpat>), in accordance with the completion instructions. The purpose of the checklists and conformance reports are to assist HHS acquisition and program officials in determining whether proposed ICT supplies, products, platforms, information, and documentation conform to applicable Section 508 accessibility standards. Checklists and ACRs evaluate—in detail—whether the ICT conforms to specific Section 508 accessibility standards and identifies remediation efforts needed to address conformance issues.

(c) If an offeror claims its supplies or services meet applicable Section 508 accessibility standards, and it is later determined by the Government, *i.e.*, after award of a contract or order, that supplies, products, platforms, information, documentation, or services support delivered do not conform to the described accessibility standards, remediation of the supplies, products, platforms, information, documentation, or services support to the level of conformance specified in the contract will be the responsibility of the Contractor at its expense.

(d) In order to facilitate the Government's determination whether proposed ICT supplies meet applicable Section 508 accessibility standards, offerors must submit an Accessibility Conformance Report, in accordance with its completion instructions and tailored to the requirements in the

solicitation. The purpose of the Report is to assist HHS acquisition and program officials in determining whether proposed ICT supplies conform to applicable Section 508 accessibility standards. The template allows offerors or developers to self-evaluate their supplies and document, in detail, whether they conform to a specific Section 508 accessibility standard, and any underway remediation efforts addressing conformance issues. Instructions for preparing the HHS Section 508 Evaluation Template are available at <https://section508.gov/>.

(e) In order to facilitate the Government's determination whether proposed ICT services meet applicable Section 508 accessibility standards, offerors must provide enough information to assist the Government in determining that the ICT services conform to Section 508 accessibility standards, including any underway remediation efforts addressing conformance issues.

(f) Respondents to this solicitation must identify any inability to conform to Section 508 requirements. If an offeror claims its supplies or services meet applicable Section 508 accessibility standards, and it is later determined by the Government, i.e., after award of a contract or order, that supplies or services delivered do not conform to the described accessibility standards, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its expense.

(g) Items delivered as electronic content must be accessible to HHS acceptance criteria. Checklist for various formats are available at <https://section508.gov/>. Materials, other than items incidental to contract management, that are final items for delivery should be accompanied by the appropriate checklist, except upon approval of the Contracting Officer or Contracting Officer's Representative.

(End of Provision).

### Instructions to Offerors

**The provision at FAR 52.212-1 Instructions to Offerors - Commercial Products and Commercial Services (Sep 2023)** applies to this solicitation. The following addenda apply:

Paragraph (b)(4). Offerors shall provide sufficient technical information necessary for the government to conclusively determine that the offered services meet all of the technical requirements herein, to include descriptive material, literature, brochures and other information corresponding to each minimum required item, which demonstrates the capabilities of the offeror. If not the OEM, offerors shall provide demonstrated and verifiable prior experience providing the same or near-same maintenance, repair, and support activities for this OEM equipment (ACEA Biosciences xCELLigence ePacer system, (Station, 6 cradles); (Analyzer) to include a verifiable established supply chain with that OEM for specifications, manuals, bulletins, software and firmware updates, parts, components, subassemblies, etc.

*The Quoter shall submit a written Accessibility Conformance Report (ACR) for each item not in compliance with 508 standards identified in clause 352.239-74, describing how the item(s) will fully address the accessibility requirements outlined in the solicitation; and a description of the evaluation methods the offeror will use to validate for conformance to the Revised 508 Standards. The ACR should be based on the [Voluntary Product Accessibility Template Version 2.0](#) (MS Word) provided by the [Industry Technology Industry Council \(ITIC\)](#). **For this requirement we anticipate only invoices to be applicable to the requirement.***

NOTE: Submission of the ACR is required for documentation purposes. In accordance with agency purchasing procedures, solutions which do not conform fully to the applicable 508 standards may still

be purchased by FDA if the FDA Requiring Office obtains the appropriate approval. In order to obtain approval, the FDA must have an ACR from the vendor documenting the level of conformance of the items being purchased.

Offerors are afforded the opportunity to inspect the instrument by contacting the Contract Specialist identified herein to schedule an appointment. Failure to inspect the system will not relieve the successful offeror from fully meeting the requirements of the resulting contract at the price offered.

The price proposed shall represent the offeror's response to the schedule of supplies/services above. Price shall be detailed and supported by a breakdown of all items. (Offerors shall fill in the schedule above with the total system price and provide a detailed quote in their own format.)

Proprietary and/or confidential information shall be clearly marked.

The Government is not responsible for locating or securing any information which is not identified in the quote; however, the Government reserves the right to obtain information for use in the evaluation from any and all sources including sources outside of the Government.

**Offerors shall include the firm's Unique Entity ID (UEI) number and GSA Contract #, if applicable, with quote.**

The Contractor's quote shall also clearly show that the Contractor has selected the appropriate certification under FAR 52.222-48 (see below).

**Note:** This solicitation is being issued under the premise that the offeror will certify that the combination of equipment maintenance/service it will propose to fulfill this requirement is exempt from the Service Contract Act per the conditions set forth in FAR 52.222-48 & FAR 22.1003-4(c). If the Contractor certifies that the company is exempt under the terms and conditions of 52.222-48, then clause 52.222-51 will be applicable to the resulting order. In the event that a contractor does not make this certification, the traditional Service Contract Act clauses 52.222-41, and 52.222-43 shall be included in the resulting order award as Wage Determination WD 2015-5121 (Rev. 22), date of last revision: 12/26/2023, which can also be accessed here: <https://sam.gov/wage-determination/2015-5121/22>

FAR Provision **52.222-48 Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Certification (May 2014)** applies as follows:

(a) The offeror shall check the following certification:

#### **CERTIFICATION**

The offeror  does  does not certify that—

- (1) The items of equipment to be serviced under this contract are used regularly for other than Government purposes, and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontractor) in substantial quantities to the general public in the course of normal business operations;

(2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(i) An “established catalog price” is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(ii) An “established market price” is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror; and

(3) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract are the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1003-4(c)(3) that the Service Contract Act—

(1) Will not apply to this offeror, then the Service Contract Act of 1965 clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at 52.222-51, Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Requirements, in this solicitation will not be included in any resultant contract awarded to this offeror, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision—

(1) The clause in this solicitation at 52.222-51, Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Requirements, will not be included in any resultant contract awarded to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible, if the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

***Period for Acceptance of Offerors.*** The offer agrees to hold the prices in its offer firm through September 30, 2024.

**Evaluation Criteria**

**The provision at 52.212-2 Evaluation-Commercial Products and Commercial Services (Nov 2021) is applicable to this solicitation.** The provision is tailored to include evaluation factors.

(a) The Government intends to award a contract resulting from this solicitation to the lowest priced technically acceptable responsible offeror. Offers will be evaluated on their ability to meet the requirements provided herein. The lowest priced offer will be evaluated first. If the lowest priced offeror is not technically acceptable, the next lowest priced offer will be evaluated and so on until a technically acceptable offer is determined. The Government's determination of technical acceptability in no way relinquishes the Awardee's contractual obligation to ensure the supplies meet the FDA’s stated need.

Technical acceptability will be determined by review of information submitted by the Offeror which must provide a description in sufficient detail to show that the proposed preventive maintenance/repair service meets the Government's requirements and demonstrates successful performance of the product and/or services.

(b) Options. Not applicable.

(c) A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**The Provision at FAR 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services (Feb 2024),** applies to this acquisition.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals–

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3)  Are,  presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126)*. [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(1) *Listed end products.*

Listed End Product	Listed Countries of Origin
_____	_____
_____	_____

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

(ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1)  In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2)  Outside the United States.
