STATEMENT OF WORK FOR
Geno Grinder - Benchtop, high-throughput, tissue homogenizer and laboratory shaker

BACKGROUND

The U.S. Food and Drug Administration Kansas City Human and Animal Food Laboratory (KCLHAF) is the national servicing center for FDA’s Total Diet Study (TDS), an ongoing surveillance program that started in 1961. The laboratory is ORA’s central point responsible for planning, processing, and analyzing over

1200 samples representing 280 food items annually, including infant and toddler foods. The KCLHAF pesticides group analyzes regulatory pesticides and total diet study samples requiring rugged sample preparation equipment to support high-throughput laboratory operations for sample homogenizing and extraction work for multiple methods. Additionally, increased workload for TDS with analysis for glyphosate and related residues and future implementation of new methods to analyze human and animal food samples for per- and polyfluorinated alkyl substances (PFAS) at KCLHAF requires appropriate equipment to prepare samples for analysis. The acquisition of a benchtop, high-throughput, tissue homogenizer and laboratory shaker at KCLHAF will help ensure the necessary capacity, efficiency and productivity for TDS and regulatory sample analysis needed for FDA to accomplish its mission of protecting the public health.

quarantine). If the offeror or applicant submits documents that contain macros, macro referenced files, and/or executable files, the Government will not be able to view or open such documents and the submission will be considered non-responsive to the solicitation. The quoter shall submit pricing in accordance with section v of this solicitation. Quotes that do not pricing for all line items may be deemed non-responsive.

Therefore, award will be made to quoter whose quote is determined to be *Lowest Price Technically Acceptable*. The Government intends to evaluate quotes and award an order without discussions. Quoters' initial quote should contain the Quoters' best terms from a price standpoint as well as demonstrate the ability to meet the solicitation requirements. If the contractor fails to demonstrate the solicitation requirements than it will be deemed technically unacceptable.

A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful quoter within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

- ix.** The Provision at FAR **52.212-3, Offeror Representations and Certifications-Commercial Items (NOV 2023)**, applies to this acquisition. The quoter shall complete only paragraph (b) of this provision if the quoter has completed the annual representations and certification electronically via the System for Award Management (SAM) website located at <https://www.sam.gov/portal>.
