User Safety Warnings:
Before use, read package insert for complete product information
Not for use in humans.
Keep out of the reach of children.
May damage fertility.
Pregnant women should exercise caution because exposure may damage the unborn child.
Use in a well-ventilated area. Wear gloves, goggles, and suitable protective clothing. Care should be taken to avoid accidental contact or self-injection. In the event of accidental self-injection, seek medical advice immediately.
CAUTION: FOR USE IN FINFISH BROODSTOCK ONLY.
THIS PRODUCT IS NOT TO BE USED IN ANIMALS INTENDED FOR USE AS FOOD FOR HUMANS OR FOOD PRODUCING ANIMALS.
LEGAL STATUS: In order to be legally marketed, a new animal drug intended for a minor species must be Approved, Conditionally Approved, or Indexed by the Food and Drug Administration.
Extra-label use is prohibited. It is a violation of federal law to use this product in a manner other than as directed in the labeling.
OVAPRIM®
(20 µg/mL salmon gonadotropin releasing hormone analog + 10 mg/mL domperidone)
Injectable Solution
Spawning Aid for intraperitoneal or intramuscular injection
FOR USE IN FINFISH BROODSTOCK ONLY
THIS PRODUCT IS INDEXED: MIF 900-001
Extra-label use is prohibited.
Net contents: 10mL
Ingredients:
propylene glycol, oleic acid, salmon gonadotropin releasing hormone analog, domperidone
Storage: Store below 25°C and protect from sunlight
Directions: A general dose of Ovaprim® is 0.5mL per kilogram of bodyweight. Due to the viscosity of the product, use of syringes with Luer Lock tips or permanently attached needles is strongly recommended.
For complete directions, see package insert.
