FDA has a requirement to procure K-Tron Control Modules (KCM) and K-Vision Installations to Coperion K-Tron Feeders for Controlled Use as a sole source acquisition to Coperion K-Tron Pitman, Inc., under Request for Quote FDA-RFQ-2025-129545. FDA is requesting hardware and site services for installing the KCMs and K-Vision to the feeders/integration platform to facilitate ease-of-use.

The J & A provided, states that: Only One vendor, Coperion K- Tron Pitman, Inc., is capable of providing the necessary hardware and services. The supplier is the manufacturer of the feeders being integrated and uniquely capable of designing integration platform specifically suited for their equipment. No other source meets both compatibility and integration requirements.

The hardware and services requested include a custom engineered solution of feeders as well as components and support structures for continuous processing. The system is also comprised of an integrated system that includes specialized development and technical requirements for continuous processing applications in the pharmaceutical industry. All technical support and services

will be provided solely by Coperion K-Tron Salina, Inc., and they reflect its expertise and design knowledge which is critical to the optimized and correct operation of this system. Coperion K-Tron Salina, Inc., asserts that the components of the system are designed for the specific use of the FDA, and any separate quotes from a third party will not incorporate the specific composition of this service

Given that this instrument is proprietary in nature and that the manufacturer does not allow third party resellers for hardware or services, FDA will sole source this requirement to Coperion K-Tron Salina, Inc.

The associated NAICS Code is: 811210 - Electronic and Precision Equipment Repair and Maintenance.

This notice is not a request for competitive proposals. However, any party that believes it is capable of meeting this requirement as stated herein may submit a written capability statement that clearly supports and demonstrates their ability to perform the requirement. Capability statements must be received by the response date and time of this notice. Submissions will be reviewed to determine if they can meet the requirement. A determination by the Government to compete this proposed contract based upon responses to this notice is solely within the discretion of the Government.

It is anticipated that an award will be issued to Coperion K-Tron Salina, Inc., within approximately fifteen (15) days after the date of this notice unless the Government determines that any other organization has the capacity to meet this requirement.

Response Date: July 29,2025 @ 2:00 p.m. EST. Please email responses to Janice Heard be email at Janice.Heard@fda.hhs.gov
