**RE: URGENT, CUSTOMER NOTIFICATION OF EXPANDED PRODUCT  
RECALL OF CERTAIN DEEP-BRANDED FROZEN VEGETABLES AND  
FRUIT PRODUCTS**

Dear Valued Customer,

Chetak LLC Group is expanding its voluntary recall to include several lots of Deep-branded frozen vegetables and fruit products due to possible *Salmonella* contamination.

*Salmonella* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

While no salmonella has been detected in the lot numbers identified below, and Chetak has received no direct complaints or reports of illness, it has been detected in products run on the same equipment during a certain period of time.

Accordingly, out of an abundance of caution and given our commitment to public health and safety, Chetak has decided to expand its voluntarily recall to these additional frozen vegetable and fruit products with the specified lot numbers:

**Recall Item list by Batch Numbers**

**Q.C.Ginger 283gm : 25182,25191, 25192.**

**Baby Bhindi 340g** : 24536,25007,25035,25053,25078,25081,25132, 25163,25193.

---
