

ZYN Bulk Manufacturing Process, Swedish Match

ZYN Bulk Manufacturing Process for all, SM ID# (b) (4)

INTRODUCTION

The manufacturing process for ZYN product described in this application is composed of two (2) processing stages, namely (b) (4) processing, and packing of finished product. (b) (4) (b) (4) material is only used in the production of finished ZYN products, and therefore is not sold in bulk or for further processing.

The ZYN products described in this application undergo the same (b) (4) process. The individual ZYN products are differentiated by their recipe. (b) (4)
