Re: GRAS Notice No. GRN 001269

Dear Dr. Tafazoli:

We are issuing a revised copy of the response letter for GRN 001269. The original letter for this GRAS notice was signed on February 4, 2025. In an email dated February 5, 2025, you noted a typographical error in our original response letter, which incorrectly referred to the notice as GRN 001169 in the first paragraph.

As a follow up to this email, we revised the February 4, 2025, response letter to correct the typographical error in the first paragraph.

We regret any inconvenience that our error may have caused. If you have any questions, please contact me by email at christopher.kampmeyer@fda.hhs.gov or by telephone at 240-402-1255.

Sincerely,

Christopher P. Kampmeyer -S
