**SUPPLEMENT APPROVAL
May 7, 2025**

Abbott Laboratories
Attention: Mark J. Paradowski
Dept. T3M2, Building AP20
100 Abbott Park Road
Abbott Park, IL 60064

Dear Mark Paradowski:

We have approved your request received November 18, 2024, to supplement your Biologics License Application (BLA) submitted under section 351(a) of the Public Health Service Act, for the *Trypanosoma cruzi* (*E. coli*, Recombinant) Antigen to update the ABBOTT ESA Chagas package insert, assay kit label, and substrate tablets vial label to reflect new hazard content according to the updated hazard evaluation.

We hereby approve the draft package insert labeling submitted with the supplement, received November 18, 2024. This is a reminder that as of September 24, 2014, medical devices that are licensed under the PHS Act are subject to certain provisions of the final Unique Device Identifier (UDI) rule. These provisions include the requirement to provide a UDI on the device label and packages (21 CFR 801.20), format dates on the device label in accordance with 21 CFR 801.18, and submit data to the Global Unique Device Identification Database (GUDID) (21 CFR 830 Subpart E). Additionally, please identify each device identifier implemented for the subject device, and the device identifiers that have been discontinued for the subject device as a labeling change in an annual report consistent with 21 CFR 601.12(f)(3). For more information on these requirements, please see the UDI website at <http://www.fda.gov/udi>.

Please submit all final printed labeling as PDF electronic copy (eCopy) at the time of use and include implementation information on Form FDA 356h as appropriate.

Two draft copies of the proposed introductory advertising or promotional labeling may be voluntarily submitted for advisory comment with a completed Form FDA 2253 to the Advertising and Promotional Labeling Branch at the following address, unless otherwise specified:

Food and Drug Administration
Center for Biologics Evaluation and Research
Document Control Center
10903 New Hampshire Avenue
WO71–G112
Silver Spring, MD 20993-0002

We will include the information contained in the above-referenced supplement in your BLA file.

Sincerely,

Hira L. Nakhasi, PhD
