Dear Mr. Tisch:

It has come to our attention that Loews Arlington Hotel, owned by Loews Hotels & Co, is hosting the upcoming Convenience Distribution Marketplace Trade Show on February 16-18, 2026, which may include exhibitors currently marketing, advertising, distributing and/or offering for sale new tobacco products without the required marketing authorization, which is prohibited by the Federal Food, Drug, and Cosmetic Act (FD&C Act). The FDA is concerned that these exhibitors may engage in such prohibited activity during the Convenience Distribution Marketplace Trade Show.

Tobacco products, including nicotine pouches and electronic nicotine delivery systems (ENDS), must be in compliance with the FD&C Act and its implementing regulations. Generally, to be legally marketed in the United States, the FD&C Act requires “new tobacco products”<sup>1</sup> to receive marketing authorization from the FDA. Tobacco products marketed in the U.S. without the required premarket authorization are adulterated and misbranded under the FD&C Act and are subject to regulatory and enforcement actions at FDA’s discretion, including, but not limited to, warning letters, civil money penalties, seizure, and/or injunction.

With respect to ENDS and nicotine pouch products, FDA has authorized a limited number for sale and/or distribution in the U.S. To date, only 39 ENDS products have been authorized for marketing in the U.S., and all contain tobacco derived nicotine. No ENDS products containing synthetic nicotine or nicotine analogs have been authorized for marketing in the U.S. To date, only 26 nicotine pouch products have been authorized for marketing in the U.S. For a list of ENDS and nicotine pouch products that have received marketing authorization please visit:

<sup>1</sup> “New Tobacco Products” are defined by Section 910(a)(1) of the FD&C Act as any tobacco product that was not commercially marketed in the United States as of February 15, 2007, or any modified tobacco product that was commercially marketed in the United States after February 15, 2007.

FDA has reviewed your list of exhibitors,<sup>2</sup> and we are attaching a list of those that we have identified as being in the business of manufacturing, importing, distributing and/or offering for sale tobacco products.<sup>3</sup> Please note that some exhibitor(s) have received Warning Letters in the past for illegally selling and/or distributing tobacco products without the required marketing authorization. We encourage you to remind your tobacco product exhibitors that only a limited number of ENDS and nicotine pouch products may be legally marketed in the U.S., and that it is generally prohibited to offer tobacco products for sale or distribution in the U.S. without required marketing authorization. We also encourage you to share the website links that we reference earlier.

We request that you submit a written response via email at [CTPCompliance@fda.hhs.gov](mailto:CTPCompliance@fda.hhs.gov) within 5 working days or less from the date of receipt of this letter describing your plans to communicate to exhibitors attending your event the information concerning prohibited marketing activities outlined above and encouraging them to refrain from engaging in any prohibited activity during the Convenience Distribution Marketplace Trade Show. We also would welcome a teleconference with you if you have any questions or would like to discuss this information further.

You may also submit your response in writing to the following address:
