Laura Burke
Director of Regulatory Compliance & Quality
SalivaDirect, Inc.
396 Mansfield Street
New Haven, CT 06511
Re: Revocation of EUA210507

Dear Laura Burke:
This letter is in response to the request from SalivaDirect, Inc., in an email dated March 23, 2026, that the U.S. Food and Drug Administration (FDA) withdraw the EUA for the SalivaDirect DTC[1] Saliva Collection Kit issued on August 27, 2021, revised and reissued on February 23, 2022, and July 1, 2024, and amended on July 8, 2022, and December 1, 2022. FDA understands that as of the date of this letter, SalivaDirect, Inc. will have ceased operations.

The authorization of a device for emergency use under section 564 of the Federal Food, Drug, and Cosmetic Act (the Act) (21 U.S.C. 360bbb-3) may, pursuant to section 564(g)(2) of the Act, be revoked when circumstances make such revocation appropriate to protect the public health or safety (section 564(g)(2)(C) of the Act). Because SalivaDirect, Inc. has requested that FDA withdraw the EUA for SalivaDirect DTC Saliva Collection Kit, FDA has determined that it is appropriate to protect the public health or safety to revoke this authorization. Accordingly, FDA hereby revokes EUA210507 for SalivaDirect DTC Saliva Collection Kit, pursuant to section 564(g)(2)(C) of the Act. As of the date of this letter, the SalivaDirect DTC Saliva Collection Kit is no longer authorized for emergency use by FDA.

Notice of this revocation will be published in the *Federal Register*, pursuant to section 564(h)(1) of the Act.

Sincerely,

_____
Ellen J. Flannery, J.D.
