This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

You did not exclude pests from your food plant to protect against contamination of food.

Specifically, on 03/03/2026 we observed signs of rodent activity throughout your ambient warehouse which stores packaged coffee, spices, powdered beverage mixes and bases, soup bases, flour mixes, sugar, creamer, and coffee cups/supplies. We observed signs of rodent activity including, but not limited to, the following:

- Too numerous to count apparent rodent excreta pellets (AREPs) and two apparent feathers on the floor in the (b) (4) of the warehouse where wooden boards were being stored. The AREPs and apparent feathers were approximately 12 inches from pallets containing ground coffee and disposable coffee cups.
- At least 29 AREPs on the floor along the (b) (4) of your warehouse where disposable coffee cups and bottled juice were being stored. We additionally observed an approximately 2-inch hole at (b) (4) of your warehouse wall near the (b) (4) wall. We observed at least 5 AREPs and 7 apparent dead insects within 12 inches of this hole.
- Too numerous to count AREPs on the floor in the (b) (4) and along the (b) (4) of your warehouse. The AREPs were approximately 6 inches below cases of packaged ground coffee, tea, spices, and soup bases on storage racks.
- At least 31 AREPs and 3 apparent feathers along the (b) (4) of your warehouse. There are (b) (4) (b) (4) along this wall. We observed light coming through the bottom edges of the (b) (4) corner near stored coffee equipment. We observed apparent nesting material and 7 AREPs in the (b) (4) approximately 24 inches from this (b) (4) (b) (4) We observed at least 20 AREPs and 2 apparent feathers within 24 inches of your (b) (4) (b) (4) of food products as well as apparent nesting material in the (b) (4) of your warehouse near the (b) (4)
- At least 10 AREPs on the floor along the (b) (4) of your warehouse where packaged ground coffee is stored. We additionally observed at least 8 AREPs on a pallet with cases of packaged ground coffee

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."
