

## CBER Import Product Codes Sorted by Product Class

### How do I use this page to find the FDA Product Code to use when importing a CBER-regulated product?

To assist those importing CBER-regulated products, CBER has created 2 searchable lists that match most CBER-regulated products to their FDA Product Codes: one list is organized by Product Class (product categories) and the other list is organized alphabetically by manufacturer name (if one is listed). Please note that these 2 lists are intended as a resource, but are not intended to be a complete list of every CBER-regulated product. If you are the import filer, you should review the information provided by the manufacturer, exporter, and/or importer to identify possible search terms. This information provided may include product labeling, invoice papers, or entry documents. This information will be helpful to you as you select possible search terms to use to find the right FDA Product Code. If you have questions about what the product is, contact the manufacturer, exporter, and/or importer for more information.

- For most biological drugs and devices that are licensed, approved, or cleared by the CBER, the lists include the Industry Code, (57), the Product Class (e.g., C [Viral Vaccines]), the Specific Product Code (e.g., 02), the product (e.g., influenza virus vaccine), trade name (e.g., Flumist), and the sponsor's (usually the manufacturer's) name, (e.g., Medimmune).
- For blood and blood components (human) that are licensed by CBER, we have not listed any trade names or manufacturers. For blood and blood components, the lists include the Industry Code (57), the Product Class (D [Blood and Blood Components]), the Specific Product Code (e.g., 44), and the product description (e.g., Source Plasma (Human)).
- For human cells, tissue, and cellular or tissue-based products (HCT/Ps), we have not listed any trade names or manufacturers unless the product is licensed by CBER. For most HCT/Ps, the lists include the Industry Code (57), the Product Class (J through T), the Specific Product Code, and the product description.

| Industry Code | Product Class | Product Code | Product Class Description                      | Trade Name / Product | Sponsor Name (Manufacturer)                                  |
|---------------|---------------|--------------|--|----------------------|--|
| 57            | A             | 10           | Antivenin (Lactrodectus mactans [black widow]) | Lactrodectus Mactans | Merck & Co., Inc.  |
| 57            | A             | 20           | Crotalidae [pit viper] Polyvalent Immune Fab   | CroFab               | Protherics Inc., a wholly-owned subsidiary of Protherics PLC |

## CBER Import Product Codes Sorted by Product Class

| Industry Code | Product Class | Product Code | Product Class Description                     | Trade Name / Product                           | Sponsor Name (Manufacturer)                     |
|---------------|---------------|--------------|---|--|---|
| 57            | A             | 02           | Botulism Antitoxin                            | No Trade Name                                  | Sanofi Pasteur Limited                          |
| 57            | A             | 09           | Antivenin Polyvalent (Crotalidae [pit viper]) | No Trade Name                                  | Wyeth Pharmaceuticals, Inc.                     |
| 57            | A             | 11           | Antivenin (Micrurus fulvius [coral snake])    | Micrurus Fulvius                               | Wyeth Pharmaceuticals, Inc.                     |
| 57            | B             | 05           | Tetanus Toxoid                                | No Trade Name <i>(for further manufacture)</i> | Novartis Vaccines and Diagnostics GmbH & Co. KG |
| 57            | B             | 05           | Tetanus Toxoid                                | No Trade Name                                  | Sanofi Pasteur Inc.                             |
| 57            | B             | 01           | Diphtheria Toxoid                             | No Trade Name <i>(for further manufacture)</i> | Statens Serum Institut                          |
| 57            | B             | 05           | Tetanus Toxoid                                | No Trade Name <i>(for further manufacture)</i> | Statens Serum Institut                          |
| 57            | C             | 19           | Smallpox Vaccine                              | ACAM2000                                       | Acambis, Inc.                                   |
| 57            | C             | 26           | Hepatitis B Vaccine                           | Doxamune B                                     | Cangene Corporation                             |
