

Priority Reviews*

The following table provides statistics for the number of times the Pediatric Review Committee made a recommendation to the Secretary for a priority review; and the number of times the Secretary followed or did not follow such a recommendation, and, if not followed, the reasons why such a recommendation was not followed.

The cumulative number of times the Pediatric Review Committee (PeRC) recommended a priority review from September 27, 2007, through September 30, 2009, are presented below.

Number of Times PeRC Recommended Priority Review	0
Number of Times Secretary Followed Recommendation	Not Applicable
Number of Times Secretary Did Not Follow Recommendation	Not Applicable
Reasons Why Recommendation Not Followed	Not Applicable
