

**FDA Staff Manual Guides, Volume I – Organizations and Functions**

**Department of Health and Human Services**

**Food and Drug Administration**

**Center for Tobacco Products**

Effective Date: December 14, 2018

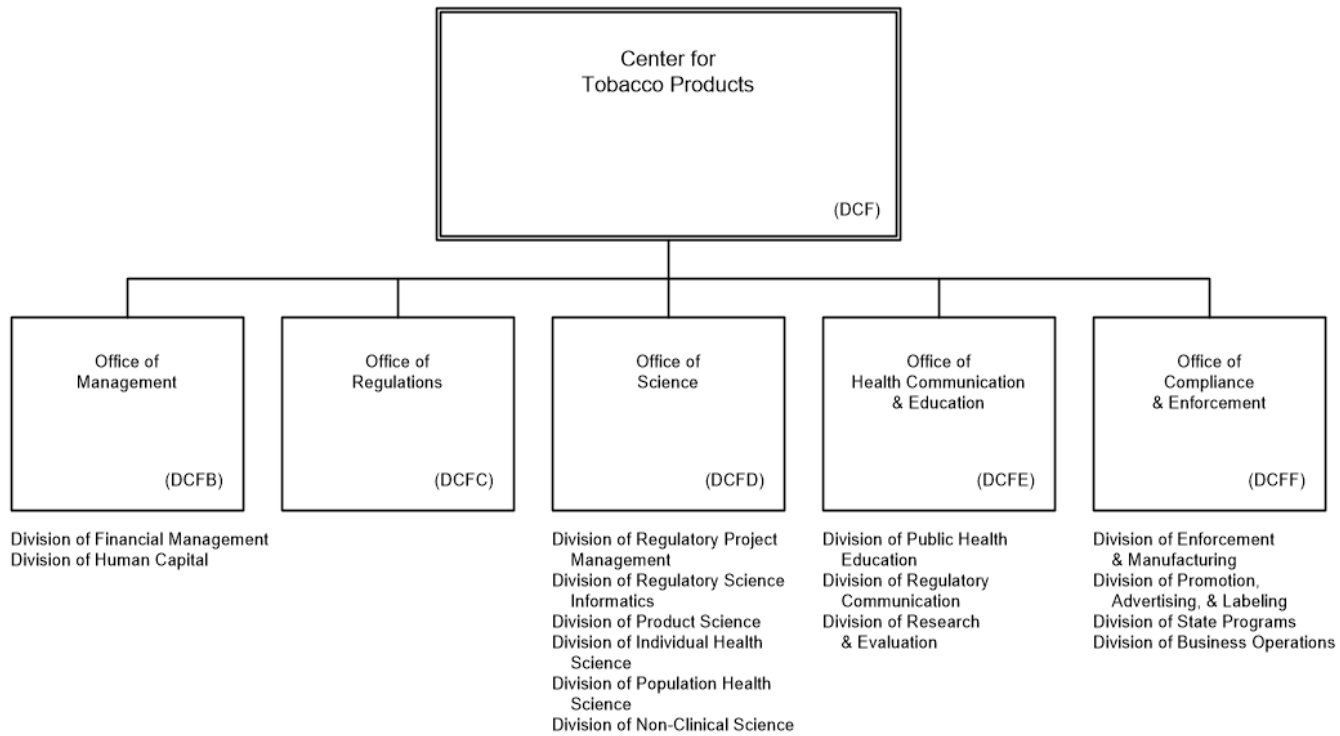

**1. Center for Tobacco Products (DCF).**

- A. Oversees the implementation of the Family Smoking Prevention and Tobacco Control Act, which provides FDA with several new authorities. These include restricting the marketing of tobacco products to minors; requiring new warning labels for cigarettes and smokeless tobacco; prohibiting marketing measures that are misleading to consumers; establishing tobacco product standards; requiring Good Manufacturing Practice standards for tobacco product manufacturing facilities; requiring industry reporting of tobacco product ingredient and constituent data, including a description of the nicotine content and delivery mechanisms; and enforcement authorities enabling FDA to act quickly and effectively to remove products that are in violation of the statute.
- B. Provides programmatic and policy direction to appropriate Center and FDA personnel on all matters related to implementation of the Family Smoking Prevention and Tobacco Control Act and identifies critical public health issues relating to tobacco use.
- C. Establishes and maintains effective relationships with senior FDA, DHHS, and Administration officials, industry representatives, Members of Congress, counterparts from State, local, territorial, and Tribal governments, representatives from academia and public health organizations, and other key stakeholders on matters related to tobacco products.

**2. Authority and Effective Date.**

The functional statements for the Center for Tobacco Products were approved by the Secretary of Health and Human Services and effective on December 14, 2018.
