INGREDIENTS

Each ingredient must be specifically named (unless stated as such in the guaranteed analysis listing) in accordance with the names and definitions adopted by AAFCO. Collective terms as approved by AAFCO may be used where applicable.
FEEDING DIRECTIONS

To provide the recommended level of 30 g bacitracin methylene disalicylate/ton and 1.8 g ivermectin/ton (approximately 100 mcg ivermectin per kg of body weight per day), feed as the only feed for 7 consecutive days. When this feed is consumed, resume feeding bacitracin methylene disalicylate.

WARNING: Withdraw 5 days before slaughter.
Keep this and all drugs out of the reach of children.

CAUTION: Consult your veterinarian for assistance in the diagnosis, treatment and control of parasitism.

This product contains IVOMEC® brand ivermectin and has been formulated specifically for use in swine only. This product should not be used for other animal species. Do not permit water runoff from swine production sites to directly enter lakes, streams, or ponds. Do not contaminate water by direct application or by the improper disposal of drug containers.
