Shell Egg Manufacturer

This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations; and do not represent a final agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

The observations noted in this Form FDA-483 are not exhaustive listings of objectionable conditions. Under the law, your firm is responsible for conducting internal self-audits to identify and correct any and all violations of the quality system requirements.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

Stray animals are not prevented from entering poultry houses.

Specifically, during the current inspection we observed:

- multiple fan covers were found to be missing or found with holes.
- the rear door was found with a significant gap, approximately 12 inches long and 1-2 inches tall.
- at the rear of the building beneath the [b4] rear door, the aluminum siding was found not secured to the building and an accumulation of what appeared to be nesting material was observed.
