

INSTRUCTIONS AND WORKSHEET FOR CONDUCTING A SELF-ASSESSMENT

STANDARD 1 - REGULATORY FOUNDATION

Part III – Compliance and Enforcement

STEP 1 – Review Compliance and Enforcement Administrative Provisions

Part III of the *Standard 1: Self-Assessment Worksheet* contains 12 Compliance and Enforcement areas within a regulatory retail food program. This worksheet is included at the end of these instructions. To meet this element of Standard 1, the jurisdiction's regulatory requirements must have a corresponding requirement for the *Food Code* sections listed in Items 1 through 11. For Item 12 pertaining to "Legal Remedies," a jurisdiction need only demonstrate that its regulatory foundation provides the authority to implement one of the legal remedies pertaining to criminal, injunctive, or civil penalties.

STEP 2 - Conduct the Self-Assessment for Part III

The self-assessor must compare the jurisdiction's code, regulation or ordinance against with the FDA Food Code Compliance and Enforcement provisions listed on the self-assessment worksheets. For each *Food Code* section:

- Record the corresponding jurisdiction requirement; and
- Document his/her determination:
 - If **Full Intent** of the *Food Code* section is met, place an "X" in the appropriate column.
 - If **Partial Intent** of the *Food Code* section is met, identify language that is not included with the jurisdiction's requirement. Indicate whether the language is addressed in another jurisdiction statute, ordinance, or regulatory requirement.
 - If **No corresponding regulation exists**, indicate "No Compliance" in the appropriate column and provide any information that may explain why it is not part of the jurisdiction's current requirements.

STEP 3 – Document the Self-Assessment Results for Part III

A summary table is provided at the end of Part III on the *Standard 1: Self-Assessment Worksheet* to document the results of the regulatory foundation self-assessment for the Compliance and Enforcement *Food Code* provisions. At the bottom of Part III on the *Standard 1: Self-Assessment Worksheet*, record the number of Compliance and Enforcement categories that are met. To meet the Standard 1, Part III criteria, the jurisdiction must have a "YES" response for all 12 of the listed Compliance and Enforcement categories.

Examples of documents that may be reviewed

- The jurisdiction's statute, regulation, rule, ordinance or other prevailing set of regulatory requirements that govern the operation of its food establishments
- Version of the *FDA Food Code* that was used for the self-assessment
- Completed *Standard 1: Self-Assessment Worksheet*
 - * Part III – Compliance and Enforcement
- If applicable, documents discussing or comparing code provisions excepted if adoption was made by reference with exceptions.
